LIVE  
WEBINAR

Percutaneous Coronary  
Intervention for STEMI patients  
(From DAPT, Thrombus to No-Reflow management)

### Course Director :

Dr. Andy Wai-Kwong CHAN, Dr. Yu-Ho CHAN

### Course Co-Directors :

Dr. Jaclyn Chi-Lin CHAN, Dr. Raymond Chi-Yan FUNG, Dr. Andrew Kei-Yan NG

### Moderators :

Dr. Andy Wai-Kwong CHAN, Dr. Jaclyn Chi-Lin CHAN

| TIME                                                                                                                                                                                                                                                                       | TOPICS                                                                                                                                                                       | SPEAKER                                                   |
