INVITATION

It is my great honor to welcome you to the 26th Annual Scientific Congress of the Hong Kong College of Cardiology to be held on 15 – 17 June 2018 at the Sheraton Hong Kong Hotel & Towers, Tsimshatsui, Kowloon, Hong Kong.

For years, the Annual Scientific Congress has served as an invaluable platform for exchange of ideas on treatment, researches and discoveries related to heart diseases among professionals. This year's Congress is strived to provide an excellent occasion for healthcare professionals to acquaint themselves with the cutting edge knowledge in Cardiology and to look ahead to future advances and breakthroughs. Reputable overseas and local speakers in the field of Cardiology would be drawn together to share their insightful experiences, latest findings and challenges that confront us. The enclosed scientific program would be the best evidence for the variety of different enlightening components.

The well established Joined Symposium between the Cross-straits Medicine Exchange Association and Hong Kong College of Cardiology will continue to be held this year. The GAP-CCBC Symposium adopts a clinical case based approach on guidelines and practice to provide practical advices to our participants. A total of 12 clinical cases were selected and will be presented by speakers from Mainland China, Taiwan, Hong Kong and Macau. In addition, the Joined Symposium between European Society of Cardiology, Hong Kong College of Cardiology and Macau Cardiology Association will be held in Hong Kong this year to further enhance experiences and knowledge sharing.

The symposia of Paediatric Cardiology and Allied Cardiovascular Health Professionals on Saturday are committed to maintaining its educational value and provide insights on recent developments in cardiac diseases. Please value the opportunity to participate in the Best Paper and PCI Case Competition sessions which are two of the most remarkable sessions in the Congress for years.

On behalf of the Organizing Committee, I look forward to having the pleasure and excitement of welcoming you to Hong Kong. Wish you all a fruitful time at the Congress.

Chung-seung Chiang
Chairman
Organizing Committee
