HONG KONG COLLEGE
OF CARDIOLOGY

President's Message

President's Message

With the gradual subsidence of the COVID-19 pandemic, the College strives back to normal and continues to work hard for our mission of promoting the highest standard of cardiovascular patient care and heart health of people of Hong Kong. With the concerted and dedicated effort of the Council Members of the Hong Kong College of Cardiology, I am extremely grateful and proud to look back and share with you our rich and fruitful journey in professional education and heart health promotion in the past year!

We continue to have a strong collaboration with international cardiac societies and local organizations in synergizing the outcomes of professional education. American College of Cardiology (ACC), Asian Pacific Society of Cardiology, British Cardio-Oncology Society, European Society of Cardiology and Korean Society of Cardiology keep working closely with us in producing high-quality joint sessions in the Annual Scientific Congress. Best of ACC, 2022 was held in Hong Kong in October last year. Ten years passed, Hong Kong College of Cardiology and Asia Pacific Heart Rhythm Society (APHRS) join forces again to organize the 16th APHRS & CardioRhythm 2023 in Hong Kong in September 2023.

Apart from outside support, internal chapters, especially newly established chapters also develop rapidly: Cardiovascular Intervention Chapter keeps 4 fellow courses per year and Hong Kong Complex Cardiovascular Intervention (HKCCI) will hold the 5th meeting in physical format in September 2023 to enhance the standard of cardiovascular intervention in Hong Kong. Co-organizing with the Hong Kong Association of Sports Medicine and Sports Science, Sports and Exercise Cardiology Chapter held a one-day symposium in a hybrid format last year. Adult Congenital Heart Diseases Chapter continues to organize scientific meetings by involving overseas faculties to share experiences. Moreover, coming to the 15th Anniversary, Paediatric Cardiology Chapter upkeeps its objectives to promote the advancement of knowledge and science of paediatric cardiology to paediatric cardiologists and trainees. A half-day symposium, co-organized with the Hong Kong Society of Neuromuscular Diseases, was successfully held on 7 January 2023.

Advocacy of heart health in the community of Hong Kong is an important mission of our College. An annual highlighted public event World Heart Day Carnival cum Run for Heart will be held at Hong Kong Science Park on 23 October 2023. Besides, Jump Rope For Heart Programme also continues to

encourage students to do rope skipping exercises. Both projects help enhance public awareness of heart health.

Without the unfailing support of the office bearers, Dr. LEUNG Tat Chi, Godwin, Dr. TSUI Kin Lam and Dr. CHAN Kwok Keung, all the Council members, and our retired Council member Dr. LEE Kwok Lun, none of the above could be accomplished. I sincerely thank all of them.

Dr. CHAN Wai Kwong, Andy
President
Hong Kong College of Cardiology
July 2023

Report Summary

Since its foundation in 1992, the Hong Kong College of Cardiology (the College) has been continuing its mission to promote the advancement of cardiovascular medicine and public health through scientific, professional, educational activities and international collaboration. Its ultimate goal is to promote the heart health of Hong Kong people and to develop and maintain good practice of cardiovascular medicine by ensuring the highest professional standards of competence and ethical integrity.

The first symposium co-organized by the College and Hong Kong Association of Sports Medicine and Sports Science was successfully held on 30 October 2022 in hybrid format with over 370 faculty and participants attended. Before the end of 2022, the 9th Asian Preventive Cardiology and Cardiac Rehabilitation Conference (APCCRC) was held from 26-27 November 2022. This biennial meeting provided an excellent opportunity for sharing of experience in a broad range of topics in preventive cardiology and cardiac rehabilitation for doctors and allied health professionals in Hong Kong and other parts of the world. The College continued to co-organize the Hong Kong Core Cardiology Certificate Course with the Hong Kong Public Hospital Cardiologists Association. Second Cycle Module 1 and Module 2 were held on 29 January 2023 and 30 April 2023 respectively.

The last Asia Pacific Heart Rhythm Society (APHRS) Scientific Session was held in Hong Kong 10 years ago in 2013. The two societies, APHRS and the College, joined hands again to host this important congress this year. With the theme "Embracing the Breakthroughs", APHRS 2023 will be held from 1-3 September 2023, featuring sharing of cutting-edge science, demonstration of advanced and novel techniques; and interaction among international experts in the field of heart rhythm management. The 3-day scientific programme covered the latest development in cardiac pacing, implantable cardioverter defibrillators, atrial fibrillation and ventricular tachyarrhythmia, and innovation in mapping and ablation of cardiac arrhythmia. It also included meet-the-experts sessions and a number of joint sessions with different societies.

The 31st Annual Scientific Congress (ASC) of the College together with 10th Congregation was held from 16-18 June 2023. This was the first ASC after the pandemic with an encouraging over 800 registrations. Many renowned international experts in cardiovascular medicine contributed to a highly educational and provocative program. Strong international collaboration was one of the hallmarks, as exemplified by joint sessions with the American College of Cardiology, Asian Pacific Society of Cardiology, European Society of Cardiology, Korean Society of Cardiology and British Cardio-

Oncology Society. Having postponed for a year, the 10th Congregation was held on 17 June 2023, marking another historical moment of the College.

To strengthen and enhance the core missions of the College, the Scientific Committee and Public Health Education Committee continue to promote professional education and public health education in heart diseases. Both committees involve many of our younger enthusiastic fellows. Throughout the year, the College and its various chapters have also organized local scientific programmes which have all been very well received and well attended.

The College has also actively organized various community activities to promote cardiovascular health. The Jump Rope for Heart Program continues its recruitment of school children for the promotion of heart health through rope skipping. Several other activities for heart health promotion were also launched. The World Heart Day Carnival cum Run for Heart, which is scheduled to be held on 23 October 2023, will create a yearly climax of heart health promotion to the general public in Hong Kong.

Regarding professional training, the College continues to support cardiology trainees and fellows to pursue advanced training in cardiovascular medicine in world-renowned overseas centres through the Hong Kong Heart Foundation Cardiology Training Fellowship Programme and Dr. C O PUN and Dr. Mary B L KWONG Scholarship.

The diversified and calendar-full activities organized by the College would not be successful without the dedication and active participation of its members, support of friends and the contribution of leading practitioners and academics both locally and abroad. Hereby the Council would like to take this opportunity to express gratitude to all our members and supporters. The College will pledge to continue her mission with clear and strong will in the years to come.

Dr. TSUI Kin Lam
Hon. Secretary
Hong Kong College of Cardiology
July 2023

Report on Scientific Activities

Top Late Breaking Clinical Trials of ACC.22 - Hong Kong, 8 - 9 October 2022

To echo the overwhelming response of the last conference, Hong Kong College of Cardiology worked closely with the American College of Cardiology to organize their 2nd virtual conference which is the Top Late Breaking Clinical Trials of ACC.22 - Hong Kong on 8 - 9 October 2022.

Organizing Committee:

Dr. TSUI Kin Lam (Chairman)
Dr. CHAN Chi Kin, William
Dr. CHAN Kwok Keung
Dr. CHAN Wai Kwong, Andy
Dr. LEE Kwok Lun

Dr. Thomas TUNGGAL (Co-Chairman)
Dr. CHAN Ka Chun, Alan
Dr. CHAN Ngai Yin
Dr. LAU Yuk Kong

The two half-day programme offered diversified licensed content from the ACC's Annual Scientific Meeting 2022 and was designed to deliver Late Breaking Clinical Trials (LBCT) by the international principal investigators & research team members to help local and regional cardiologists and other cardiovascular team members staying up-to-date on the newest clinical research. The top experts also debated and discussed the outcomes of leading-edge trials during the conference and explained how it all fits into current cardiology practice. Almost 150 participants attended the conference. 58% interviewees are extremely satisfactory on the event.

HKCC HKASMSS Sports and Exercise Cardiology Symposium, 30 October 2022

Co-organized with Hong Kong Association of Sports Medicine and Sports Science, HKCC HKASMSS Sports and Exercise Cardiology Symposium, the 1st symposium of the chapter was successfully held on 30 October 2022 in New World Millennium Hong Kong Hotel (hybrid format). The theme was "Safe Exercise During COVID: From Wellness to Performance". The symposium was well-received with 374 faculty and participants attended.

We were honoured to have three overseas speakers, Dr. Andre La Gerche, who is the Head of Clinical Research Domain at Baker Heart and Diabetes Institute, Director of National Centre for Sports Cardiology and Cardiologist in St. Vincent's Hospital Melbourne; Prof. Timothy C. WONG, who is the Assistant Professor of Medicine at the University of Pittsburgh School of Medicine and Cardiologist at the UPMC Heart and Vascular Institute; Ms. Victoria BACON, who is a licensed and certified genetic counselor in Pittsburgh, Pennsylvania.

Programme:

Integrated Session – General Sports Medicine

Moderators: Dr. LEUNG Tat Chi, Godwin, Dr. LOUIE Hung Tak, Lobo, Dr. Raymond SO, Prof. YU Cheuk Man, Prof. YUNG Shu Hang, Patrick

Time	Topics	Speakers
08:55-09:00	Opening Speech	Dr. LEUNG Tat Chi, Godwin and Prof. YUNG Shu Hang, Patrick
09:00-09:20	Exercise prescription and restriction in patients & athletes with cardiovascular disease – From Guideline to Clinical Practice	Prof. YU Cheuk Man
09:20-09:25	Q&A	
09:25-09:45	Exercise recommendation in COVID-19 era	Dr. LOUIE Hung Tak, Lobo
09:45-09:50	Q&A	
09:50-10:10	Application of CPET for assessment on heart-lung diseases and performance	Ms. Gloria Lau
10:10-10:15	Q&A	
10:15-10:35	Rehabilitation after recovery from COVID 19 Infection	Dr. Eric KM AU
10:35-10:40	Q&A	
10:40-11:00	New technologies for exercise and sports	Dr. Raymond SO
11:00-11:05	Q&A	
11:05-11:15	Break	

Sports Cardiology for Doctors

Moderator: Dr. CHAN Hiu Lam, Ronnie, Dr. CHAN Kit, Jacky, Prof. Erik FUNG, Dr. MAK Yiu Kwong, Gary

Diagnosis & risk stratification of cardiovascular diseases in athletes – ECG, multimodality imaging and genetics		
11:15-11:35	ECG interpretation in athletes – From International Consensus to Case Studies	Dr. CHAN Kit, Jacky
11:35-11:40	Q&A	
11:40-12:00	Roles of echocardiography in athletes – "Normal or pathological?"	Dr. Andre La Gerche (Australia)
12:00-12:05	Q&A	
12:05-12:25	Roles of cardiac CT and cardiac MRI in athletes – "Is it athlete's heart or cardiomyopathy?"	Dr. Andre La Gerche (Australia)
12:25-12:30	Q&A	
12:30-12:50	Roles of genetic screening in athletes – "When to do & how to interpret?"	Prof. Timothy WONG, Ms. Victoria BACON (USA)
12:50-12:55	Q&A	
12:55-13:00	Break	

Lunch Symposium

Moderators: Dr. CHAN Ngai Yin, Dr. YUNG Tak Cheung

13:00-13:25	Diagnosis of sports-related cardiac arrhythmias and sudden cardiac death	Prof. LAU Chu Pak
13:25-13:30	Q&A	
13:30-13:55	Exercise Eligibility and Management of sports-related cardiac arrhythmia and sudden cardiac death	Dr. CHENG Yuet Wong
13:55-14:00	Q&A	

Sports Cardiology for Doctors

Moderators: Dr. CHAN Yu Ho, Dr. FUNG Chi Yan, Raymond, Dr. WONG Kin Tak

Panelist: Prof. Erik FUNG, Dr. MAK Yiu Kwong, Gary, Dr. Raymond SO

Management of cardiovascular diseases in athletes		
14:00-14:20	Management of pediatric athletes with congenital heart diseases	Dr. YUNG Tak Cheung
14:20-14:25	Q&A	
14:25-14:45	Management of adult athletes with structural heart diseases	Prof. Erik FUNG
14:45-14:50	Q&A	
14:50-15:50	Sports Cardiology Case-based Panel Discussion, Case Presentation	
	1. Hong Kong Sports Institute Pre-participation Screening Data	Dr. Bryan LAU
	2. Arrhythmogenic right ventricular dysplasia	Dr. LEUNG Chung Yin, Leon
	3. Management of ventricular tachycardia in a hypertrophic cardiomyopathy patient	Dr. Mark TAM
	4. Coronary anomaly: Case 1	Dr. SUEN Hon Chi
	5. Coronary anomaly: Case 2	Dr. HO Pak Lam, Jacob
	6. Coronary anomaly: Case 3	Dr. Janice WONG
15:50-16:00	Q&A & Closing Remarks	Dr. MAK Yiu Kwong, Gary

Concurrent Workshop (Physical only)

Moderators: Dr. Willis KWOK and Dr. WONG Tai Hung, John

14:00-14:15	Simple airway management	Dr. Willis KWOK
14:15-14:30	CPR/AED updates	Dr. WONG Tai Hung, John
14:30-16:00	Demonstration and hands on of CPR / AED using Lucas and simple airway management using OPALMA, igel and BVM	

9th Asian Preventive Cardiology & Cardiac Rehabilitation Conference (APCCRC) (Hybrid), 26-27 November 2022

Dr. TSANG Chun Fung, Sunny

Dr. KWAN Wing Shan, Iris

The 9th Asian Preventive Cardiology & Cardiac Rehabilitation Conference was successfully held on 26-27 November 2022 at the Hong Kong Convention and Exhibition Centre via a HYBRID format with both physical and virtual participation.

The COVID-19 pandemic was an unprecedented global health crisis and cardiovascular health was jeopardized. The theme of APCCRC this year was **"Long COVID in Cardiovascular Disease Management and Cardiac Rehabilitation"**, featuring a comprehensive programme in preventive cardiology and cardiac rehabilitation. Joint sessions with Chinese Association of Rehabilitation Medicine, International Council of Cardiovascular Prevention and Rehabilitation, Japanese Association of Cardiac Rehabilitation and Singapore Heart Foundation were held during the Conference for sharing of experience and exchanging of ideas among experts from Hong Kong and different countries. Riding on the success of the previous conferences, workshops for allied healthcare professionals and the public education sessions for patients, their carers and other citizens were organized again this year.

Opening Ceremony

Prof. Chung-Mau LO, Secretary for Health, The Government of the Hong Kong Special Administrative Region, Dr. Andy Wai-Kwong CHAN, President, Hong Kong College of Cardiology and Dr. Ngai-Yin CHAN, Co-Chairman, Executive Committee of APCCRC 2022 and Immediate President of the Hong Kong College of Cardiology officiated the Opening Ceremony. To celebrate the 30th Anniversary of the Hong Kong College of Cardiology, a sand painting video was specially produced to kick-off the Conference.

Programme

The following symposia and workshops were organized:

Symposia

- Symposium 1: Cardiovascular Risk Factors Symposium I
- Symposium 2: Hong Kong Heart Foundation Symposium
- Symposium 3: Heart Failure Symposium I
- Symposium 4: Cardiovascular Risk Factors Symposium II
- Symposium 5: Heart Failure Symposium II
- Symposium 6: Long COVID and Cardiac Rehabilitation Symposium
- Symposium 7: Cardiac Rehabilitation for Special Population Symposium
- Symposium 8: Exercise Symposium

Workshops for Allied Healthcare Professionals

- Session 1 - Challenges in Risk Factors Management: Case Sharing
- Session 2 - Exercise Prescription in Cardiac Rehabilitation
- Session 3 - Patient Care Model Sharing
- Session 4 - Update in Clinical Research

Physician Workshop in Hyperlipidaemia

- LDL-C Management

Physician Workshop in Heart Failure

- When Heart Failure Guideline Meet the Real World

Public Education Sessions 公眾教育坊

心臟病人應該如何應對新冠後遺症？

Background

One of the most important missions of Hong Kong College of Cardiology (HKCC) is to promote the training and standard of our cardiology professionals so as to translate into better clinical patient care.

In view of the vast and tremendous explosions in knowledge with ever increasing new advances, it is becoming increasingly difficult for cardiologists and fellow trainees to stay abreast and keep up to date on core knowledge as well as new frontier technology.

However, the prerequisite of top-quality patient care depends highly on core clinical knowledge and experience. Therefore, HKCC determines to launch this first-of-its-kind certificate training course in 2018 and starts the 2nd cycle in 2023. We are pleased to have Hong Kong Public Hospital Cardiologists Association (HKPHCA), which shares similar aims, to co-organize the course.

Goal

The goal of the course is for our cardiology professionals to enhance their core cardiology knowledge and skill in day-to-day clinical practice.

HKCCCC II Module 2: Cardiac Arrhythmia Management in Daily Practice, 30 April 2023

Cordis Hong Kong Program Co-Directors: Dr. CHAN Ngai-Yin Dr. LAU Yuk-Kong
 Dr. LEUNG Chun Yu, Gary Dr. YUEN Ho-Chuen, Johnny

The 2nd module of HKCCCCII was successfully held physically and well-received with 82 cardiologists, trainees and general practitioners attended. 47 attendees took the examination and the passing rate was 95.7%. Online evaluation forms were distributed after the course and 30 completed forms were received. Most of them strongly agreed the course was appropriate to their level of interest and understanding. Overall, all the interviewees were satisfied with the course.

24th South China International Congress of Cardiology (SCC), 8-11 June 2023

The 24th South China International Congress of Cardiology was held successfully from 8-11 June 2023 at Guangzhou Yuexiu International Conference Center. To foster the closer relationship and scientific exchange between South China and Hong Kong, our President-elect, Dr. LEUNG Tat Chi, Godwin, led a delegation of 11 fellows with their spouses to visit the Congress in person. Dr. KO Tak Him, Patrick, Past President of HKCC, was invited to be the distinguished guests of the opening ceremony. Dr. KWOK Sit Yee, Dr. TAM Li Wah and Dr. TAN Guangming were invited to be the speakers while Dr. CHIANG Chung Seung, Dr. HO Hung Kwong, Duncan, Dr. KO Tak Him, Patrick, Dr. LEUNG Tat Chi, Godwin and Dr. WONG Mei Ling, Dora were invited to be moderators at the Congress to share their experience and insights from the perspective of Hong Kong cardiology. The lectures and discussions were very fruitful and inspiring a lot to the attendees.

**31st Annual Scientific Congress of Hong Kong College of Cardiology
16 – 18 June 2023 (Physical Congress)**

The 31st Annual Scientific Congress of Hong Kong College of Cardiology was successfully held on 16 – 18 June 2023 in physical format. The Congress was held at Meeting Rooms S421 – 430, Level 4, Hong Kong Convention and Exhibition Centre. In addition to theme-based symposia, Allied Cardiovascular Health Professional Symposium was held in the morning of 17 June 2023, Paediatric Cardiology Symposium was held on 17 June 2023, while Cardiology Course for Family Physicians and General Practitioners was held on 18 June 2023. The Hong Kong Heart Foundation Lecture held in the afternoon of 17 June 2023 was delivered by Prof. PARK Seung Jung from South Korea and chaired by Dr. CHAN Wai Kwong, Andy and Dr. CHAN Wing Sze, Carmen right after the 10th Congregation and Opening Ceremony. This year, 5 joint sessions in collaboration with the American College of Cardiology (ACC), the Asian Pacific Society of Cardiology (APSC), the British Cardio-Oncology Society (BCOS), the European Society of Cardiology (ESC) and the Korean Society of Cardiology (KSC) were organized.

Dr. YANG Yue Jin (China)	Dr. ZHANG Hai Cheng (China)	

CALL FOR ABSTRACT

83 abstracts were selected for presentation, of which 38 were accepted for oral presentation, 33 were selected for poster presentation and 12 were withdrawn/ declined.

1. Best Paper Award in Cardiovascular Medicine

The 6 short-listed abstracts for the Best Paper Award in Cardiovascular Medicine were:

1. Computational pressure-flow dynamics derived fractional flow reserve versus angiography for guiding percutaneous coronary intervention in stable coronary artery disease patients
HYE Sze, KH Yiu
Division of Cardiology, Department of Medicine, University of Hong Kong, Hong Kong
2. Atrial fibrillation burden and timing of anticoagulation therapy in Patients with screen-detected and clinically-diagnosed AF
W Sun, TK Tam, BP Yan
Department of Medicine and Therapeutics, Prince of Wales Hospital & Heart & Vascular Institute, The Chinese University of Hong Kong, Hong Kong
3. Controversial molecular functions of CBS versus non-CBS domain variants of PRKAG2 in arrhythmia and cardiomyopathy: a case report and literature review
X Gong
Sichuan University, China
4. Predictive value of cardiac functional indexes to cardiac MRI myocardial fibrosis indexes
B Li
West China Second University Hospital, Sichuan University, China
5. Initial experience of using transcatheter leadless pacing using helix fixing in Chinese
CP Chan, TKM Tam, CKA Au, JYS Chan
Department of Medicine and Therapeutics, Prince of Wales Hospital, The Chinese University of Hong Kong, Hong Kong
6. Impact of sodium-glucose co-transporter 2 inhibitors on cardiovascular outcomes among 19,550 diabetic patients with prior myocardial infarction and stroke: hong kong-wide observational cohort study
W Sun, BP Yan
Department of Medicine and Therapeutics, Prince of Wales Hospital & Heart & Vascular Institute, The Chinese University of Hong Kong, Hong Kong

Judges: Dr. CHENG Cheung Wah, Boron (Hong Kong, China)

Dr. LEUNG Tai Chi, Godwin (Hong Kong, China)

The winner of Abstract Presentation Award was:

Dr. SUN Wen (Hong Kong, China)

Atrial fibrillation burden and timing of anticoagulation therapy in Patients with screen-detected and clinically-diagnosed AF

2. Best Fellow-in-training Presentation Award

The winner of the Best Fellow-in-training Presentation Award was:

HYE Sze, KH Yiu (Hong Kong, China)

Computational pressure-flow dynamics derived fractional flow reserve versus angiography for guiding percutaneous coronary intervention in stable coronary artery disease patients

Judges: Dr. CHENG Cheung Wah, Boron (Hong Kong, China)

Dr. LEUNG Tai Chi, Godwin (Hong Kong, China)

3. Best Poster Award

The 6 short-listed abstracts for the Best Poster Award were:

1. Alcohol abuse prevention regulations in indonesia: a policy review from the perspective of esc guideline on cardiovascular disease prevention 2021

N Gamalliel, R Prakoso, Am Ambari

Evidence-Based Health Policy Center, Indonesian Medical Education and Research Institute, Faculty of Medicine Universitas Indonesia, Indonesia

2. Assessing the relationship between statin therapy and incidence of complications associated with new-onset atrial fibrillation: findings from a population-based study

J Huang

The University of Hong Kong, Hong Kong

3. Early experience of pulse field ablation for atrial fibrillation

TK Tam

Prince of Wales Hospital, Hong Kong

4. Mid- to long-term cardiac function evaluation and risk factors for cardiac dysfunction in children with kawasaki disease

N Zhang

Department of Pediatric Cardiology, Department of Pediatric Cardiology, West China Second University Hospital, Sichuan University, Cheng, China

5. Lean body mass and the cardiovascular system: an intrinsic relationship in hans chinese women and men

RM Guo, J Morton, A McLellan, G Lee, W Michael, J Kalman, P Kistler, S Prabhu

Department of Medicine, the University of Hong Kong, Hong Kong

6. Impact of pre-ablation LA size on catheter ablation outcomes in atrial fibrillation with and without systolic heart failure

L Segan, D Chieng, H Suguma, LH Ling, S Azzopardi, Z Nderitu, A Voskoboinik
Alfred Health, Australia

Judges: Dr. LEUNG Wai Suen, Albert (Hong Kong, China)

Dr. CHAN Hiu Lam, Ronnie (Hong Kong, China)

The winner of Best Poster Award was:

Dr. HUANG Jiayi (Hong Kong, China)

Assessing the relationship between statin therapy and incidence of complications associated with new-onset atrial fibrillation: findings from a population-based study

4. Best Paper/ Best Case Award in Paediatric Cardiology (Abstract Presentation)

The 9 short-listed abstracts for the Best Paper/ Best Case Award in Paediatric Cardiology were:

1. Mid-term follow up study on neuromotor function and cardiac deformations in survivors of fetal supraventricular arrhythmias.

L Zhao, S Shao, C Wang, Y Hua, K Zhou

West China Second University Hospital, Sichuan University, China

2. Isolated non-immune mediated second-degree atrioventricular block in the fetus

C Wang, K Zhou, Y Hua, S Shao

West China Second University Hospital, China

3. Role of higher maternal anti-SSA/SSB antibodies in prenatal dexamethasone treatment for immune-mediated second-degree atrioventricular block

C Wang, K Zhou, S Shao, Y Hua

West China Second University Hospital, China

4. One-stop therapy of radiofrequency catheter ablation premature ventricular contractions combining transcatheter closure atrial septal defect in a child

X Huang, S Zhao, YG Wang, DH Zhang

Pediatric Cardiology, Anhui Provincial Children's Hospital, China

5. Interventional management of large thrombus in inferior vena cava

GY Jang

Korea University Hospital, South Korea

6. First paediatric leadless pacemaker implantation in Hong Kong

SY Kwok, S Tsao, J Shi, KS Lun, CP Chan

Hong Kong Children's Hospital, Hong Kong

- Using nomogram scores to predict the early regression of coronary artery aneurysms of kawasaki disease

L Liu, K Zhou, Y Li, C Wang
Sichuan University, China

- Prenatal intervention study of fetal supraventricular tachycardia

Li Zhao, Y Hua, S Shao, K Zhou
West China Second University Hospital, Sichuan University, China

- Pre-habilitation-reconditioning of teenage heart transplant candidates

MYR Chan, WW Hui, WW Chan, YB Ho, KS Lun
Physiotherapy, Hospital Authority, Hong Kong

Judges: Prof. LEUNG Ping, Maurice (Hong Kong, China)

Dr. LUN Kin Shing (Hong Kong, China)

Dr. SO Lok Yee (Hong Kong, China)

The winner of Best Paediatric Cardiology Paper Award was:

Dr. WANG Chuan (China)

Role of higher maternal anti-SSA/SSB antibodies in prenatal dexamethasone treatment for immune-mediated second-degree atrioventricular block

The winner of Best Paediatric Cardiology Case Award was:

Ms. CHAN Mei Yee, Raphael (Hong Kong, China)

Pre-habilitation-reconditioning of teenage heart transplant candidates

5. Best Interesting/Challenging Cardiac Intervention Case Award

The 3 short-listed abstracts for the Best Interesting/ Challenging Cardiac Interventional Case Award were:

- One-two punch: approach to an elderly male with an isolated common iliac artery saccular aneurysm and acute deep venous thrombosis

MJ Sabando, TA Sarile, AI Cabasa, RA Roderos, JA Montemayor, AM Hilvano-Cabungcal, M Morilla- Buco
University of the Philippines-Philippine General Hospital, Philippines

- First in Asia LAVA-ECMO in cardiogenic shock

A Ko
Queen Elizabeth Hospital, Hong Kong

3. Pul-stent pulmonary artery stent implantation via the jugular route for a patient with pulmonary artery atresia after bidirectional glenn palliation: a case report

K Zhang, M Li, P Xiang

Chongqing Medical University Affiliated Children's Hospital, China

Judges: Dr. LAM Ho (Hong Kong, China)

Dr. TSE Tak Sun (Hong Kong, China)

The winner of Best Interesting/Challenging Cardiac Intervention Case Award was:

Dr. Alvin KO (Hong Kong, China)

First in Asia LAVA-ECMO in cardiogenic shock

6. Best Interesting/Challenging Clinical Cardiology Case Award

The 8 short-listed abstracts for the Best Interesting/Challenging Clinical Cardiology Case Award were:

1. Thrombotic thrombocytopenic purpura presenting with anterior ST elevation myocardial infarction treated with percutaneous coronary intervention

HHT Kam, KHK Kam

Medicine and Therapeutics, Prince of Wales Hospital, Hong Kong

2. "Milky Heart": a rare case of tuberculous chylopericardium managed conservatively

KP Enriquez, FE Punzalan, MM Pipo, JC Pilapil

Division of Cardiovascular Medicine, Philippine General Hospital, Philippines

3. Same but different- 3rd time exertional syncope

J Shek

Princess Margaret Hospital, Hong Kong

4. When broken hearts keep breaking: a tale of recurrent takotsubo cardiomyopathy

CR Tera, K Manjunath, J Ethakota, HP Chaliki, S Sharma

Cardiovascular Diseases, Mayo Clinic, USA

5. Mimicker of cardiac amyloidosis: how (not) to be exhaustive with the amyloid workup

J Kan, CK Wong, YFF Yiu, YCT Choi

Medicine & Geriatrics, Princess Margaret Hospital, Hong Kong

6. ARVD-dilemma beyond VT storm

MT Lam, T Chang

Cardiology, C.H.C.S.J, Macau SAR

7. Unrepaired tetralogy of fallot in an adult female with a subclinical infundibular pulmonic stenosis

MJ Sabando, RY Bongcawil, ZO Nelson, CC Uy

Division of Cardiovascular Medicine, Department of Medicine, University of The Philippines-Philippine General Hospital, Philippines

8. Right diagnosis left unrevealed: a rare cause of pulmonary hypertension

CW Lai, S Ching

Medicine & Geriatrics, United Christian Hospital, Hong Kong

Judges: Dr. CHAN Yu Ho (Hong Kong, China)
Dr. FUNG Chi Yan, Raymond (Hong Kong, China)
Dr. WONG Chi Yuen, Eric (Hong Kong, China)
Dr. YUNG Chi Yui (Hong Kong, China)

The winner of Best Interesting/Challenging Clinical Cardiology Case Award is:

Dr. LAI Chin Wai (Hong Kong, China)

Right diagnosis left unrevealed: a rare cause of pulmonary hypertension

GAP-CCBC: CLINICAL CASE PRESENTATION

The following lectures were presented on 16 June 2023:

1. Diagnosis and treatment of complex complications in a young patient with hypertrophic cardiomyopathy
Prof. WU Ying (China)
2. A case of atrial thrombosis after acute myocardial infarction complicated with COVID-19
Prof. LI Chuang (China)
3. The rugged road to complete revascularization
Dr. LIN Shu Han, Donna (Chinese Taipei)
4. First-in-Asia: Native valve BASILICA TAVR. Complicated with annular rupture rescued by coil embolisation
Dr. CHIANG Chi Shing, Michael (Hong Kong, China)
5. An experience in cardiogenic shock
Dr. LAM Kuok Wun, Vincent (Macau, China)
6. A case of undiscovered acute myocardial infarction
Prof. YANG Shi Wei (China)
7. Driver ablation for persistent atrial fibrillation
Prof. LIU Xingpeng (China)
8. A case of complex EVT of no stump left CIA-EIA CTO and right SFA CTO
Dr. JONG Bor Hsin (Chinese Taipei)
9. A case report of unusual pericardial effusion
Dr. SONG Jing (China)

10. Why did she suffer a cardiac arrest?

Dr. QIAN Hai Yan (China)

11. Sharing a complicated PCI case

Dr. LIN Po Chih (Chinese Taipei)

ALLIED CARDIOVASCULAR HEALTH PROFESSIONAL SYMPOSIUM – Digital Health in Cardiology (Collaboration with Hong Kong Cardiac Nursing Association Ltd., Hong Kong College of Cardiac Nursing Ltd., Hong Kong Physiotherapy Association and The Society of Hospital Pharmacists of Hong Kong)

The Symposium was successfully held on 17 June 2023 with the following lectures:

1. Enhancing Cardiac Care Through Telepharmacy and Digital Health Solutions: An Approach to Remote Patient Management
Miss ZHENG Sin Man, Michelle (Hong Kong, China)
2. Role of Physiotherapist in Tele-remote Cardiac Rehabilitation Service
Ms. Snowball IP (Hong Kong, China)
3. Current trend and future direction of Robotic assisted coronary intervention
Dr. CHAN KA Chun, Alan (Hong Kong, China)
4. Implantable cardiac devices remote monitoring
Ms. WONG Bik Yi (Hong Kong, China)
5. Mobile rhythm device: What and when does my patient need
Dr. CHENG Yuet Wong (Hong Kong, China)

PAEDIATRIC CARDIOLOGY PROGRAM

The Symposium was successfully held on 17 June 2023 with the following lectures:

- **Paediatric Cardiology Program**

1. Antenatal assessment and management of foetal transposition of great vessels
Prof. Edgar JAEGGI (Canada)
2. Intrauterine cardiac intervention for fetal pulmonary valve obstructive lesion
Dr. PAN Wei (China)
3. Obstetric management of pregnancy with antenatally diagnosed congenital heart diseases
Dr. HUI Pui Wah (Hong Kong, China)
4. Impact of antenatal diagnosis of tetralogy of fallot
Dr. CHOW Pak Cheong (Hong Kong, China)

5. Advances in management of fetal arrhythmia
Prof. Edgar JAEGGI (Canada)
6. Intrauterine therapy for structural congenital heart disease-contemporary results and algorithms
Prof. Edgar JAEGGI (Canada)
7. Cardiac manifestation and management in twin pregnancy
Dr. WAH Yi Man, Isabella (Hong Kong, China)
8. Genetic assessment of antenatally diagnosed congenital heart disease: timing and impact
Dr. LUK Ho Ming (Hong Kong, China)
9. Ethical dilemmas in foetal cardiology
Dr. AU Kit Shing, Derrick (Hong Kong, China)

- **Adult Congenital Heart Disease (ACHD) Program**

1. Long term issues surrounding repaired or unrepaired ventricular septal defect
Dr CHAN Kwok Lap (Hong Kong, China)
2. Long-term outcome of survivors after biventricular repair of pulmonary atresia with intact ventricular septum and pulmonary stenosis
Dr. SHI Zhou, Julia (Hong Kong, China)
3. Long term risk of arrhythmia in congenital heart diseases
Dr. TSAO Siu Ling, Sabrina (Hong Kong, China)

CARDIOLOGY COURSE FOR FAMILY PHYSICIANS AND GENERAL PRACTITIONERS

The Symposium was successfully held on 18 June 2023 with the following lectures:

1. Role of primary care in atrial fibrillation screening and management
Dr. CHAN Ngai Yin (Hong Kong, China)
2. Risk assessment and lipid modification for prevention of cardiovascular diseases
Dr. LEUNG Sai Chau (Hong Kong, China)
3. Selecting the appropriate test to investigate chest pain and coronary artery disease
Dr. CHENG Yuet Wong (Hong Kong, China)
4. Approaches to Valvular Heart Disease in the Primary Care Setting
Dr. CHEUNG Shing Him, Gary (Hong Kong, China)
5. New standards-of-care in heart failure management
Dr. WONG Chi Yuen, Eric (Hong Kong, China)

6. Step by Step: Following up patients after a myocardial infarction
Dr. LO Ka Yip, David (Hong Kong, China)
7. Management of Difficult to Control Hypertension
Dr. FUNG Chi Yan, Raymond (Hong Kong, China)
8. Tackling Statin Intolerance and Non-compliance
Dr. YUNG Chi Yui (Hong Kong, China)
9. Pre-conception counselling and risk assessment in pregnancy heart disease
Dr. Catherine SHEA (Hong Kong, China)
10. Premenopausal women presenting with chest pain: CAD or not?
Dr. CHAN Wing Sze, Carmen (Hong Kong, China)
11. Red flags in paediatric patients with cardiac diseases presenting to general practitioners
Dr. CHEUNG Wai Yin, Eddie (Hong Kong, China)
12. Transcatheter intervention in children – what general practitioners should know
Dr. YU Kwong Man, Clement (Hong Kong, China)

16th Asia Pacific Heart Rhythm Society (APHRS) Scientific Session, 1-3 September 2023

The 16th Asia Pacific Heart Rhythm Society (APHRS) Scientific Session, in conjunction with CardioRhythm 2023, will be held in Hong Kong from 1 to 3 September 2023. The Meeting is organized by the Asia Pacific Heart Rhythm Society (APHRS) and the Hong Kong College of Cardiology (HKCC), co-organized by the Chinese Society of Pacing and Electrophysiology (CPSE).

The APHRS is the first and only society organized in the Asia-Pacific region to promote excellence and advancement in diagnosis and treatment of patients with heart rhythm disease. The annual scientific session is the highlight of its activities. The last joint meeting in Hong Kong was held exactly 10 years ago in 2013.

The Meeting will provide a platform for professional education, sharing of cutting-edge science, demonstration of advanced and novel techniques, and interaction among international experts in the field of heart rhythm management. With the theme "**Embracing the Breakthroughs**", experts will explore and deliberate on the advancement and innovation in the science and management of heart rhythm disorders. The latest development in cardiac pacing, implantable cardioverter defibrillators, atrial fibrillation and ventricular tachyarrhythmia will be presented. Innovation in mapping and ablation of cardiac arrhythmia will be shown both as lectures and case demonstrations. Over 700 faculties have been invited and it is expected over 2,000 participants will attend the conference.

It is a great pleasure to include all well-known experts to participate in the organizing committee and scientific advisory boards of 16th APHRS & CardioRhythm 2023.

The Co-chairs are Dr. CHAN Ngai Yin, Prof. TSE Hung Fat, Prof. HUANG DE Jia and Prof. HUANG Cong Xin.

The Congress Presidents are Dr. CHAN Wai Kwong, Andy and Prof. HUA Wei.

The Honorary Presidents are Prof. LAU Chu Pak and Prof. ZHANG Shu.

The Secretaries-General are Dr. LEE Lai Fun, Kathy and Dr. WANG Jing Feng.

The Treasurer is Dr. CHAN Kwok Keung.

The Co-chairs of Scientific Program Committee are Dr. CHAN Ngai Yin, Dr. CHEN Ming Long and Dr. LIN Yung Kuo.

Scientific Advisory Boards:

Categories	Chairs	Members
Atrial Fibrillation (Ablation)	Tom WONG	Hui-Nam PAK CHEN Ming-Long CHAN YS Joseph
Atrial Fibrillation (Stroke prevention, screening and drugs)	Gregory Y LIP	Tze-Fan CHAO HUANG Cong-Xin CHAN Ngai-Yin
Ablation - VT/SVT	Douglas PACKER Bradley P KNIGHT	Kyoko SOEJIMA WANG Zu-Lu TSE Hung-Fat
Bradycardia Pacing	Lucas BOERSMA HUA Wei	Wee-Siong TEO TANG Bao-Peng HAI SH Jo Jo
Genetic and Inherited Syndrome	Peter SCHWARTZ	Wataru SHIMIZU HONG Kui YUEN Ho-Chuen
Sudden Cardiac Death	Eloi MARIJON	Tachapong Ngarmukos ZHANG Shu Chan K Jacky
Syncope	David BENDITT	Martin STILES CHEN Ke-Ping LEUNG CY Gary
Tachycardia Therapy Device	Ian CROZIER Paul WANG	Giselle GERVACIO WANG Jing-Feng FAN YY Katherine
Arrhythmias in Paediatric and Adult Congenital Heart Disease	TSAO SL Sabrina David BRADLEY	Andreas PFLAUMER LI Fen KWOK Sit-Yee
Surgical Therapy for Arrhythmias	Dong-Seop JEONG	Takashi NITTA ZHANG Hao WONG HL Randolph HL
Certificate Course in CRM for Clinicians and Allied Professionals	Christine CHIU-MAN LEE LF Kathy	Daniel CHONG WU Li-Qun YUEN SM Fiona
Basic Research	Peng-Sheng CHEN	Takeshi AIBA XIA Yun-Long SIU CW David
Conduction System Pacing	Mina CHUNG	Chi-Keong CHING HUANG Wei-Jian CHENG Yuet-Wong
Cardiac Resynchronization & Heart Failure Therapy	Angelo AURICCHIO	Yoga YUNIADI SU Yan-Gang YU Cheuk-Man
Lead Extraction	Bruce WILKOFF	Morio SHODA XU Wei CHAN Chin-Pang

Besides, a comprehensive, informative and professional website (<https://aphrs-cardiorhythm2023hk.com>) and mobile apps have also been developed in order to promote the conference.

Other local Scientific Programmes besides Chapter Activities 2022-2023

The College Scientific Committee continues to organize and co-ordinate year-round scientific programmes in relation to cardiovascular medicine. These scientific functions have received accreditation from Academy Colleges for continuing medical education.

The Committee of local scientific symposia: Dr. CHAN Wai Kwong, Andy (Chairman), Dr. TSUI Kin Lam (Chairman), Dr. CHAN Hiu Lam, Ronnie and Dr. WONG Ka Lam.

The major scientific symposiums organized during 1 August 2022 – 31 July 2023 are listed as follows:

Date	Theme	Speakers	Moderators
01-Sep-22	Management of CAT: Recent Advances in Oral Anticoagulation Therapy	Prof. Walter AGENO Professor of Medicine, University of Insubria Director of the Short-Stay Medical Unit and Thrombosis Center, Ospedale di Circolo of Varese, Italy	Dr. YUNG Chi Yui Fellow, Hong Kong College of Cardiology
17-Oct-22	Live Webinar on Time to Revolutionise Heart Failure Management	Dr. Kieran DOCHERTY Clinical Lecturer and Honorary Specialist, Registrar in Cardiology, University of Glasgow, Institute of Cardiovascular and Medical Sciences	Dr. FUNG Chi Yan, Raymond Council Member, Hong Kong College of Cardiology
19-Oct-22	What Physicians Need to Know About The New Oral-Antiviral Medication In Patients With Cardiovascular Disease	Dr. Mohammad MADJID Specialist in Interventional Cardiology Associate Clinical Professor of Medicine, David Geffen School of Medicine, University of California, Los Angeles Prof. SIU Chung Wah, David Specialist in Cardiology, Honorary Clinical Professor, Department of Medicine, The University of Hong Kong	Dr. WONG Chi Yuen, Eric Council Member, Hong Kong College of Cardiology

10 Jan 2023	Management of Worsening Heart Failure	Prof. Michele SENNI Professor of Cardiology at University Bicocca-Milan, Chief of Cardiovascular, Department and Division of Cardiology at Papa Giovanni XXIII Hospital in Bergamo, Italy	Dr. LEUNG Tat-Chi, Godwin President-elect, Hong Kong College of Cardiology
14 Jan 2023	The Myth & Truth about LDL-C Lowering: The lower, the earlier, the longer, the better?	Prof. Alberico CATAPANO Professor of Pharmacology at the University of Milano Dr CHAN Yu Ho Council Member, Hong Kong College of Cardiology	Dr. LO Ka Yip, David Council Member, Hong Kong College of Cardiology
29 May 2023	Empowering HF Management Across LVEF Spectrum	Prof. Christiane ANGERMANN Professor of Clinical Research in Cardiology and Heart Failure Deutsches Zentrum für Herzinsuffizienz, Würzburg Comprehensive Heart Failure Center (CHFC) Panelists: Prof. Christiane ANGERMANN, Prof. SIU Chung Wah, David, Dr. WONG Ping Nam, Dr. CHOW Chun Chung, Francis	Dr CHAN Yu Ho Council Member, Hong Kong College of Cardiology

4 June 2023	<p>Scientific Symposium on Primary Care: Cardiometabolic Management</p> <p>*Co-organized with Diabetologists & Endocrinologists Alliance</p>	<p>Prof. CHAN Chung Ngor, Juliana Professor, Department of Medicine & Therapeutics, CUHK; Head, Division of Clinical Pharmacology, Department of Medicine & Therapeutics</p> <p>Prof. SIU Chung Wah, David Specialist in Cardiology, Honorary Clinical Professor, Department of Medicine, The University of Hong Kong</p> <p>Dr. WU Enoch Clinical Assistant Professor (Honorary), Department of Medicine and Therapeutics, Faculty of Medicine, The Chinese University of Hong Kong</p> <p>Dr. CHEUNG Yu Vincent Honorary Clinical Assistant Professor in Family Medicine, Department of Family Medicine and Primary Care, The University of Hong Kong</p>	<p>Dr. CHAN Chi Pun, Susanna Honorary Secretary, Diabetologists & Endocrinologists Alliance</p> <p>Dr. Thomas TUNGGAL Council Member, Hong Kong College of Cardiology</p> <p>Dr. TONG Chun Yip, Peter Vice President, Diabetologists & Endocrinologists Alliance</p>
15 June 2023	Cardiorenal benefits of MRA: Protecting the kidneys and the heart	<p>Prof. Patrick ROSSIGNOL Nephrologist, Professor of Therapeutics, University of Lorraine, France</p> <p>Prof. TSE Hung Fat Chief of Service (Medicine) and Chief of Cardiology Division, Queen Mary Hospital</p>	Dr. LO Ka Yip, David Council Member, Hong Kong College of Cardiology

The latest videos of HKCC Lunch/ Evening Scientific Symposia were uploaded to HKCC website. You are cordially invited to log in the website and view the videos of past events.

Report on Community Heart Health Activities

World Heart Day 2023 Carnival cum Run For Heart (世界心臟日 2023 健心跑暨心臟健康嘉年華)

Steering Committee

Co-Chairman:	Dr. CHAN Wai Kwong, Andy	Dr. LEUNG Tat Chi, Godwin
Members:	Dr. CHAN Chi Kin, William	Dr. KWAN Wing Shan, Iris
	Dr. CHAN Ka Chun, Alan	Prof. LAU Chu Pak
	Dr. CHAN Kam Tim	Dr. LAU Suet Ting
	Dr. CHAN Kwok Keung	Dr. LAU Yuk Kong
	Dr. CHAN Leung Kwai, Jason	Dr. LI Shu Kin
	Dr. CHAN Ngai Yin	Dr. LO Ka Yip, David
	Dr. CHAN Wing Sze, Carmen	Dr. LUK Ngai Hong, Vincent
	Dr. CHENG Cheung Wah, Boron	Dr. TAM Kin Ming
	Dr. Cheung Ling Ling	Dr. Thomas TUNGGAL
	Dr. CHIANG Chung Seung	Dr. TSANG Chun Fung, Sunny
	Dr. CHUI Shing Fung	Dr. TSUI Kin Lam
	Dr. FONG Ping Ching	Dr. UN Ka Chun, Timothy
	Dr. KO Tak Him, Patrick	Dr. WONG Tai Hung

With the local epidemic situation continuing to subside and the social activities resuming to full normalcy, physical run comes back after 4 years and it will combine with World Heart Day 2023 Carnival. It is our great pleasure to announce that "World Heart Day 2023 Carnival cum Run for Heart" will be held on 23 October 2023 (Monday, Chung Yeung Festival) in Hong Kong Science and Technology Parks. The slogan of this year is "跑步強心齊齊 GO". We continue to have crossover with JentleCat.

This year's physical run comprises 3 Km and 10 Km individual run, 800 M family relay and 3 Km Corporate Cup. We expected 3,000 participants would participate. The Hong Kong Heart Foundation Drawing Competition will also hold on the same date in physical and online format. More activities e.g. heart health talks, press conference, heart health education articles and videos will be organized as well. Details will be shared shortly, please stay tuned!

Women Heart Health Campaign

Cardiovascular disease is the No. 1 killer of women, causing 1 in 3 deaths each year in the world. To respond to this very dangerous signal, the College is dedicated to enhance the knowledge on cardiovascular diseases and heart health among men and women alike by producing a series of educational videos and mass promotion in different channels of social media in order to raise awareness in the community as well as patients and their caregivers.

An educational video was launched on 15 May 2023 (Mother's Day) at media channel HK01. Invited guests were Dr. CHAN Wing Sze, Carmen, Dr. Katherine FAN, Dr. KWAN Wing Shan, Iris and Dr. YUEN Sze Man, Fiona to share the tips especially to all ladies.

HKCC Heart Health Channel (香港心臟專科學院健康頻道 H2C)

Editor-in-Chief Dr. CHAN Ngai Yin

Editorial Board Members	Dr. CHAN Ka Chun, Alan	Dr. CHAN Kam Tim
	Dr. CHAN Kit, Jacky	Dr. CHAN Leung Kwai, Jason
	Dr. CHAN Wai Kwong, Andy	Dr. CHAN Yu Ho
	Dr. FUNG Chi Yan, Raymond	Dr. KWAN Wing Shan, Iris
	Dr. LAU Yuk Kong	Dr. LEUNG Tat Chi, Godwin
	Dr. Thomas TUNGGAL	Dr. WONG Chi Yuen
	Prof. YU Cheuk Man	Dr. YUEN Ho Chun

HKCC Heart Health Channel (H2C) has been established in 2020, with the aim of providing professional heart health information to the public, enhancing their knowledge of heart health protection to lower the chance of suffering from cardiovascular diseases.

H2C has been running smoothly in the past three years and keeps uploading new heart health-related articles and videos to the website. In 2022-2023, the College cooperated with different parties and launched below highlighted projects on H2C:

- "AF Awareness Campaign 2022 – We Care for Every Heartbeat"
- "HKCC Emotional HF Disease Educational Video Campaign"
- "HKCC Patient Myth Video Project"
- "Lipid management Campaign" (In progress)
- "Lower LDL-C, Lower CVD Recurrence" Campaign

Also, a WhatsApp Sticker design competition was launched for the promotion of CPR and AED in the Heart Health Challenge Corner and was well received with active participation from secondary school students and Hong Kong public residents.

For more information, please visit: <https://hkhearthealth.com/>

Jump Rope for Heart Program (JRFH) (跳繩強心) 2022-2023

In this academic year (2022-2023), 70 schools (48 primary schools, 13 secondary schools, 8 kindergartens and 1 international school) have joined Jump Rope for Heart Program. As schools could only resume whole-day schooling in the 2nd semester, extra-curricular activities were greatly hindered and thus the JRFH participation rate as well as fund raising activities were largely affected. Some schools even applied for one-year postponement as the school calendar was hugely influenced.

School visits by expert team were conducted in 29 schools in this academic year. Very positive feedback was received. Students were all amazed by the wonderful performance of our elite skippers and thus showed great interest in learning rope skipping. More importantly, students learnt how to keep a healthy heart by adopting healthy lifestyle such as doing regular exercise, eating balanced and healthy diets and no smoking.

JRFH online rope skipping competition (2022/2023) was held from 1 December 2022 to 15 January 2023. The competition was divided into 18 groups (kinder girls / kinder boys / P1 girls / P1 boys / P2 girls / P2 boys / P3 girls / P3 boys / P4 girls / P4 boys / P5 girls / P5 boys / P6 girls / P6 boys / S1-3 girls / S1-3 boys / S4-6 girls / S4-6 boys). Each participant may join 1 to 5 events. The entry fee for each event was HK\$100. A total of 845 participants joined the competition. Winners were invited to join the final round at JRFH Inter-school Rope Skipping Competition in July 2023.

JRFH Inter-school Rope Skipping Competition 2023 was successfully held on 2 July 2023 (Sun) and 9 July 2023 (Sun) at Heung To Middle School (Tin Shui Wai). 33 primary schools were divided into Group A / Group B / Group C @11 teams whereas 18 secondary schools were divided into Group A / Group B @9 teams. Winners of JRFH online rope skipping competition (2022/2023) were invited to individual speed events final round. Representatives from HKCC, Department of Health, Education Bureau and Hong Kong Rope Skipping Association, China formed the honorary judge panel. Dr. Godwin LEUNG and Dr. Kenneth NG attended the event on behalf of HKCC on 2 July and 9 July respectively.

The Rotary Club CPR & AED Education Project 2022/2023 was jointly organized by HKCC, Rotary Club of Hong Kong Northeast and St. John Ambulance Association for the 6th year. Dr. Godwin LEUNG attended the opening ceremony on behalf of HKCC on 19 November 2022 at St. John Headquarters. As agreed, JRFH helped to recruit teachers to join the course. A total of 120 teachers attended the course on 24 & 25 June 2023.

The Joyful Fruit Month – School Fruit Promotion Project is jointly organized by HKCC and Department of Health and supported by JRFH. A maximum of HK\$2,000 is granted to a maximum of 75 schools per year. In 2022, 71 schools received a total of HK\$118,932.6 as funding. HKCC Council approved granting HK\$150,000 (a maximum of HK\$2,000 for 75 secondary schools) for the project again in 2023.

The Hong Kong Rope Skipping Association, China has sent a letter to HKCC seeking sponsorship for the HK Delegation participating in World Jump Rope Championship 2023 in July 2023. The HKCC council decided to sponsor a maximum of HK\$250,000 to support the HK athletes. As a token of recognition and appreciation, the logo of HKCC would be printed on the team uniform and on the official website of HKRSA, forum of HK Delegation joining WJRC 2023 and all related promotional materials.

Institute for Heart Health Promotion Ltd. (IHHP) (心臟健康促進會)

The College has been in close co-operation with The Institute for Heart Health Promotion Limited ("the Institute") ever since the Institute's incorporation in 2000.

The Institute is a non-profit making organization engaged in the study of heart health of people in Hong Kong and in the promotion for the awareness and preparedness of the general public for the preservation of heart health through healthy styles of living.

The List of IHHP Executive Board Members (from 20 Jan 2016) is as follows:

Chairmen : Mr. LIANG Cheung Bui, Thomas and Dr. TSE Tak Fu (by rotation)

Executive Board Members : Mr. LUK Koon Hoo (Hon Treasurer)
Dr. KO Tak Him
Prof. LAU Chu Pak
Mr. NG Sui Kan, Steve (Hon Secretary)

Report on Activities of Committees, Chapters and Others

Hong Kong Heart Foundation Cardiology Training Fellowship Programme (in co-operation with and fully sponsored by The Hong Kong Heart Foundation Limited)

Congratulations to the following awardees who have embarked on their training programme during 2023/2024.

Awardees under Hong Kong Heart Foundation Fellowship 2023/2024:

<u>Start Date</u>	<u>Awardee</u>
1. Jan 2023	Dr. PONG Vincent 2023/2024 Programme Dr. PONG of Yan Chai Hospital has started the training programme of 6 months in Interventional Cardiology at University Medical Centre, Utrecht, in the Netherlands.
2. Jul 2023	Dr. LING Wood Hay, Ian 2023/2024 Programme Dr. LING of Grantham Hospital has started the training programme of 12 months in Electrophysiology at Keck School of Medicine of the University of Southern California, Los Angeles in United States of America.
3. Jul 2023	Dr. SO Tai Chung 2023/2024 Programme Dr. SO of Queen Elizabeth Hospital has started the training programme of 12 months in Electrophysiology at Westmead Hospital, Sydney in Australia.

Updates on Awardees under Hong Kong Heart Foundation Fellowship 2021/2022:

<u>Start Date</u>	<u>Awardee</u>
4. Jan 2023	Dr. LI Andrew Vincent 2021/2022 Programme Dr. LI of Kwong Wah Hospital has started the training programme of 12 months in Interventional Cardiology at Liverpool Hospital, Sydney in Australia.

Dr. C O PUN and Dr. Mary B L KWONG Scholarship – 2023/2024

Dr. C O Pun and Dr. Mary B L Kwong Scholarship was set up in August 2016 in memory of the passing of Dr. C O Pun and to provide an opportunity for candidates to acquire advance technique[s] in the field of Cardiology. The Hong Kong College of Cardiology is the authorized administrator of the Dr. C O Pun and Dr. Mary B L Kwong Scholarship. Successful applicants of the Scholarship have the great responsibility to carry themselves as ambassadors of goodwill for Hong Kong. They are expected to have high professional competence and sound moral principles. Upon their return to Hong Kong (China) after training, they are expected to apply their knowledge and experience to improve the standard of cardiovascular care and professional training in Hong Kong (China), and to provide a better quality of service to the Hong Kong public to the best of their abilities.

Awardee under Dr. C O Pun and Dr. Mary B L Kwong Scholarship – 2023/2024:

Dr. SO Tai Chung from Queen Elizabeth Hospital, has started a training programme in the field of Electrophysiology at Westmead Hospital, Australia for a period of 12 months commencing from July 2023.

Scientific Committee

One of the most important core missions of the Hong Kong College of Cardiology is to promote and provide top quality scientific education and professional training. The success of the diversified and calendar-full activities organized by the College highly depends on the active support and participation of our fellows and members.

To reflect the needy changes for bringing our scientific & educational activities to a new level, the Scientific Committee of Hong Kong College of Cardiology was established in 2018 to meet with this challenge. The Committee members are as follows:

Dr. CHAN Wai Kwong, Andy (Chairman)	Dr. CHAN Wing Sze, Carmen
Dr. LAU Yuk Kong (Co-Chairman)	Dr. CHIANG Chung Seung
Dr. TSUI Kin Lam (Co-Chairman)	Dr. LAM Ho
Dr. CHAN Chi Kin, William	Dr. LEE Kwok Lun
Dr. CHAN Chi Lin, Jaclyn	Dr. LEUNG Tat Chi, Godwin
Dr. CHAN Hiu Lam, Ronnie	Dr. Thomas TUNGGAL
Dr. CHAN Kwok Keung	Dr. WONG Chi Yuen, Eric
Dr. CHAN Ngai Yin	Dr. WONG Ka Lam

Committee members actively involve and assist in organizing various scientific activities for the College.

Public Health Education Committee

Committee Members:

Dr. LEUNG Tat Chi, Godwin (Chairman)	Dr. FUNG Chi Yan, Raymond
Dr. CHAN Ngai Yin (Co-Chairman)	Dr. KO Lap Yan, Ryan
Dr. CHAN Kwok Keung (Co-Chairman)	Dr. KWAN Wing Shan, Iris
Dr. CHAN Ka Chun, Alan	Dr. KWOK Chun Kit, Kevin
Dr. CHAN Kit, Jacky	Dr. LAU Yuk Kong
Dr. CHAN Leung Kwai, Jason	Prof. YU Cheuk Man
Dr. CHAN Wai Kwong, Andy	Dr. YUEN Ho Chuen
Dr. CHAN Yu Ho	

The Public Health Education Committee of the College was established in 2018 and launched various public programs in promoting a healthy diet, exercise and control of risk factors as well as public knowledge of heart disease prevention and treatment. In 2022-2023, the College cooperated with different parties and launched below highlighted projects:

- "AF Awareness Campaign 2022 – We Care for Every Heartbeat"
- "HKCC Emotional HF Disease Educational Video Campaign"
- "HKCC Patient Myth Video Project"
- "Lipid management Campaign"
- "Lower LDL-C, Lower CVD Recurrence" Campaign

Journal of the Hong Kong College of Cardiology

Editorial Board

Editor-in-Chief Dr. CHAN Ngai-Yin

Co-Editors Prof. LAU Chu Pak, Prof. YAN Ping Yen Bryan

Editorial Board – Local
(as of 26 April 2022)

Dr. CHAN Ka Chun, Alan	Dr. LAM Cheung Chi, Simon
Dr. CHAN Yat Sun, Joseph	Prof. LEE Knag Yin, Michael
Prof. CHEUNG Man Yung, Bernard	Prof. LEE Pui Wai, Alex
Dr. CHUI Shing Fung	Dr. MOK Ngai Shing
Dr. FAN Yue Yan, Katherine	Dr. YIU Kai Hang
Prof. Erik FUNG	Prof. YU Cheuk Man
Dr. KO Tak Him, Patrick	

Editorial Board – International
(as of 29 December 2021)

Prof. Charalambos ANTONIADES	Dr. Shinji KOBAYASHI
Prof. Marianne BRODMANN	Dr. LEE Jong Young
Dr. CHAO Tze Fan	Dr. LEE Pil Hyung
Dr. Mario EVORA	Dr. L. Bing LIEM
Dr. HUANG Hsuan Li	Prof. Masato NAKAMURA
Prof. Takanori IKEDA	Prof. Hiroyuki OKURA
Dr. Yoshio KOBAYASHI	Dr. Tee Joo YEO
Prof. KIM Hyung Kwan	Dr. YU Wen Chung
Dr. Michael PAPADAKIS	

The journal of the Hong Kong College of Cardiology (JHKCC) keeps publishing new issues every quarter. In 2022-2023, below manuscripts were published on the JHKCC:

Volume 29, Issue 1 (2022)

Editorials

1. Inaugural Editorial for the Revamped Journal of the Hong Kong College of Cardiology
[Ngai-Yin CHAN](#)
2. Infective Endocarditis: An Old Problem with a Changing Face
[Kin-Lam TSUI](#)

Original Articles

1. A Retrospective Study on the Predictors of Outcome in Patients with Infective Endocarditis
[Yuen-Fung YIU](#)
2. Global longitudinal strain in acute myocardial infarction and incidence of in-hospital heart failure.
[Hassan EBEID, Rania ABDELHADY, Khaled Ahmed ELKHASHAB, Mohamed Osama HUSSEIN, and Haytham Soliman GHAREEB](#)

Review Articles

1. Pre-participation cardiovascular screening in athletes with a focus on Asia
[Tee Joo YEO](#)
2. What Should Patients Know About Self Blood Pressure Measurement? A Review Article
[Sau-Nga FU](#)

Case Reports

1. Supraventricular tachycardia with multiple accessory pathways
[Ho-Chuen YUEN and Ngai-Yin CHAN](#)
2. Back to basic: A case of difficult intracoronary thrombectomy to left main bifurcation
[Joyce SHEK, Ho-Chuen YUEN, and Ping-Tim TSUI](#)

Volume 29, Issue 2 (2022)

Editorials

1. The Risk is Small: Implant Complications of Leadless Pacemakers are related to Body Size
[Chu-Pak LAU](#)

Original Articles

1. Effect of low body mass index in outcome of Micra leadless pacemaker implantation
[Mark Tsz-Kin TAM, Anna Kin-Yin CHAN, Alex Chi-Kin AU, Lily CHEUNG, Gary Chin-Pang CHAN, and Joseph Yat-Sun CHAN](#)

2. Usefulness of Computed Tomography Parameters in Predicting the Clinical Outcomes of Acute Aortic Dissection
Eleanor Wei-Sze LEE, Kwok-Hin YIU, Willis Chun-Wai LAM, Cyrus Yiu-Kwan KO, Sung-Yee WONG, and Kin-Wing CHAN
3. Prognostic Nutritional Index as a Predictor of Prognosis in Patients with Chronic Limb Threatening Ischemia Who Underwent Endovascular Revascularization Therapy
Wai-Kin CHI, Guang-Ming TAN, and Bryan Ping-Yen YAN
4. The Utility Of HAS-BLED Score In Predicting The Bleeding Risk Of Atrial Fibrillation Patients Undergoing Percutaneous Coronary Intervention Receiving Anticoagulation And Dual Anti-platelet Therapy: A Single Center Retrospective Cohort Study
Adrian Yin-Cheung LUK and Jaclyn Chi-Lin CHAN

Review Articles

1. Cardiac Involvement related to COVID-19 Infection and Vaccination in Children and Adolescents – Hong Kong’s Perspective
Sabrina TSAO, Gilbert T. CHUA, Mike YW KWAN, Ian Chi-Kei WONG, Kelvin Kai-Wang TO, Janette KWOK, Bill H CHAN, Joshua Sung-Chih WONG, Patrick IP, and Yu-Lung LAU

Case Reports

1. Right Atrial Mass with Inflow Obstruction in a patient with IgG4-related Disease
Joyce SHEK, Lok-Yi WU, Chun-Kit WONG, Jianlin LU, William Wai-Lung LAM, Vivian Wai-Man MAK, and Ngai-Yin CHAN
2. Tuberculous pericarditis
Chun-Kit WONG and Yeuk-Chi CHOI

Volume 29, Issue 3 (2022)

Editorials

1. Understanding the Genotypes and Phenotypes Relationship: Progress toward a Precision Medicine Approach in Pediatric Pulmonary Hypertension
Kin-Shing LUN
2. The development and growth of cardio-oncology or onco-cardiology
Bernard Man-Yung CHEUNG and Chu-Pak LAU

Original Articles

1. Clinical Features and Prognosis of Chinese Childhood Pulmonary Arterial Hypertension-Related Gene Mutation Carriers
Zhuoyuan XU, Hongsheng ZHANG, Chen ZHANG, Qiangqiang LI, and Hong GU

2. Indicators of Cardiac Autonomic Dysfunction Associated with Chronic Hyperglycemia: Implications on Vascular Surrogates and Heart Failure

Yap-Hang CHAN, Bernard Man-Yung CHEUNG, and Hung-Fat TSE

3. Epidemiology and Characteristics of Surgical Intervention for Infective Endocarditis: A Population-Based Study in the Past Two Decades (2000 – 2019) in Hong Kong

Hang-Long LI, Yi-Kei TSE, Cong CHEN, Si-Dong CAI, Meng-Qi SU, Mei-Zhen WU, Qing-Wen REN, Jia-Yi HUANG, Si-Yeung YU, Yap-Hang CHAN, Hung-Fat TSE, and Kai-Hang YIU

Case Reports

1. From Bad to Worse: The Clinical Spectrum of Immune Checkpoint Inhibitor Myocarditis and Associated 3M Syndrome with Concomitant Myositis and Myasthenia

Tsun-Ho LAM, Jeffrey Sum-Lung WONG, Chun-Ka WONG, Gerry Gin Wai KWOK, Miaochang ZHOU, Benjamin Yu-Fai SO, Ian Yu-Hin LEUNG, and Hung-Fat TSE

2. The value of 3D vena contracta area in a patient with degenerative mitral regurgitation and multiple jets

Shing CHING and Chiu-Sun YUE

Volume 29, Issue 4 (2022), Supplement Issue, 30th ASC of Hong Kong College of Cardiology

Volume 29, Issue 5 (2022)

Original Articles

1. The Impact of Renal Insufficiency upon Admission on the Clinical Outcome of Patients with Acute ST-elevation Myocardial Infarction undergoing Primary Percutaneous Coronary Intervention

Wai-Lun KWONG, Kwok-Ho YAU, Eugene SIN, and Kwok-Keung CHAN

2. Retrospective observational study comparing two reperfusion strategies in patients with acute STEMI presenting outside office hours

Derek Pok-Him LEE, Kam-Tim CHAN, Michael Kang-Yin LEE, and Eric Chi-Yuen WONG

Review Articles

1. Roles of exercise treadmill test in the diagnosis & risk stratification of cardiac channelopathies

Kit CHAN

Case Reports

1. Recurrent cyanotic spells in an octogenarian

Chin-Tong KWOK and Chun-Kit WONG

2. Old but not Vain: Two Cases of Refractory Polymorphic Ventricular Tachycardia associated with Coronary Artery Disease successfully treated with Quinidine

Tit-Kei NG, Tommy King-Him MA, Chi-Chun AU, Janice Woon-Yan WONG, Jenny Nga-Lai CHOW, Andrew Vincent LI, Adrian Yin-Cheung LUK, Sze-Wah LAI, Candy Ming-Yan CHEUK, Jaclyn Chi-Lin CHAN, and Li-Wah TAM

Volume 30, Issue 1 (2023), Supplement Issue, 9th Asian Preventive Cardiology and Cardiac Rehabilitation Conference

Volume 30, Issue 2 (2023), Supplement Issue, 25th ASM of Institute of Cardiovascular Science and Medicine

Volume 30, Issue 3 (2023)

Original Articles

1. Procedural and Clinical Outcomes of Dedicated Venous Stents in Acute and Chronic Venous Obstruction: A Retrospective Single Center Study
Guang-Ming TAN, Madeleine G YAN, and Bryan Ping-Yen YAN
2. Outcomes of Catheter-Based Interventions for the Treatment of Intermediate to High-Risk Pulmonary Embolism in Patients With High Bleeding Risk: A Single-Centre Experience
Lawrence TH CHAN, Chi-Wing WONG, Ho LAM, Yu-Ho CHAN, Bryan Ping-Yen YAN, and Guang-Ming TAN

Review Articles

1. Diagnosing Hypertrophic Cardiomyopathy in Athletes
Chalisa SRISUKAJORN, Tamonwan Megan JIRAKULAPORN, Helen C HUANG, Erik FUNG, and Polakit TEEKAKIRIKUL
2. Precision Medicine for Cardiac Ion Channelopathies in Hong Kong: From Case Reports to Identification of Novel Genetic Variants and Development of Risk Prediction Tools using Population-based Datasets
Sharen LEE, Ngai-Shing MOK, and Gary TSE

Case Reports

1. Ilio-caval venous stenting for the treatment of severe post-thrombotic syndrome due to multiple sites of iliac vein compression
Lap-Shing CHAN, Bryan Ping-Yen YAN, and Guang-Ming TAN

Newsletter

The College has published the College Newsletter since December 2009. The Co-Editors are Dr. LEUNG Tat Chi, Godwin and Dr. Thomas TUNGGAL.

As not every member can attend all the College activities, the Newsletter serves to keep members updated with the current affairs of the College. The contents of the Newsletter are arranged according to the main activities of the College: scientific activities, community activities, other College activities and members' section etc. The Newsletters are sent to all fellows and members of the College for free.

Three issues of the Newsletter were published in August 2022, February 2023 and July 2023.

Adult Congenital Heart Diseases Chapter

Established on 11 July 2021, the mission of the Adult Congenital Heart Diseases Chapter include: **A**dvocacy; **C**ongenital heart disease education; **H**eat health for ACHD patients; and **D**evelop research collaboration. We are planning on having periodic educational symposia, and hold ACHD session in the Annual Scientific Congress of Hong Kong College of Cardiology to raise awareness of ACHD.

Advisers: Dr. TSUI Kin Lam and Dr. YUNG Tak Cheung

Conveners: Dr. TSAO Siu Ling, Sabrina, Dr. WONG Chi Yuen, Eric

Chapter Members: Dr. CHEN Hay Son, Robin, Dr. CHOW Pak Cheong, Dr. LAM Cheung Chi, Simon, Dr. SHEA Puigi, Catherine, Dr. KAM Ka Ho, Kevin, Dr. SO Chak Yu, Kent

2nd Scientific Meeting of Adult Congenital Heart Diseases Chapter (ACHD), 17 December 2022

The 2nd Scientific Meeting of ACHD was held on 17 December 2022 via virtual platform, with a theme of Heart Failure in ACHD Patients; over 150 faculty and participants. This included our overseas speaker, Dr. Margarita BRIDA who is the Consultant Cardiologist, Adult Congenital Heart Centre and National Centre for Pulmonary Hypertension, Royal Brompton & Harefield Hospitals, London, UK; Medical Faculty, University of Rijeka, Croatia.

Programme Highlights:

Time	Topic	Speaker
1400-1405	Welcome address	Dr. WONG Chi Yuen, Eric
Chairpersons: Dr. WONG Chi Yuen, Eric & Dr. SO Chak Yu, Kent		
1405-1425	Prevalence and risk factors of heart failure in ACHD patients	Dr. LUN Kin Shing
1425-1430	Q&A	
1430-1450	Pathophysiology of heart failure in congenital heart disease	Prof. CHEUNG Yiu Fai
1450-1455	Q&A	
1455-1515	Diagnostic approach and risk stratification	Dr. SHEA Puigi Catherina
1515-1520	Q&A	
1520-1535	Break	
Chairpersons: Dr. KAM Ka Ho, Kevin & Dr. TSAO Siu Ling, Sabrina		
1535-1555	Medical management of heart failure in ACHD	Dr. Margarita BRIDA
1555-1600	Q&A	
1600-1620	CRT in ACHD: Feasibility & Outcome?	Dr. KWOK Sit Yee & Dr. TSAO Siu Ling, Sabrina
1620-1625	Q&A	
1625-1645	MCS and transplant: Challenges & Outcome?	Dr. WONG Ka Lam, Michael
1645-1650	Q&A	
1650-1700	Closing remark	Dr. TSAO Siu Ling, Sabrina

On June 17th 2023, an ACHD session was held again in the 31st Annual Scientific Congress of Hong Kong College of Cardiology. Invited speakers were Dr. CHAN Kwok Lap, Dr. Julia Zhou Shi and Dr. TSAO Siu Ling, Sabrina; chaired by Dr. CHEN Hay Son, Robin and Dr. CHOW Pak Cheong.

Allied Cardiovascular Health Professional Committee

Chairman of Allied Cardiovascular Health Professional Committee:

Dr. CHAN Wai Kwong, Andy

Co-Chairman of Allied Cardiovascular Health Professional Committee:

Dr. LO Ka Yip, David

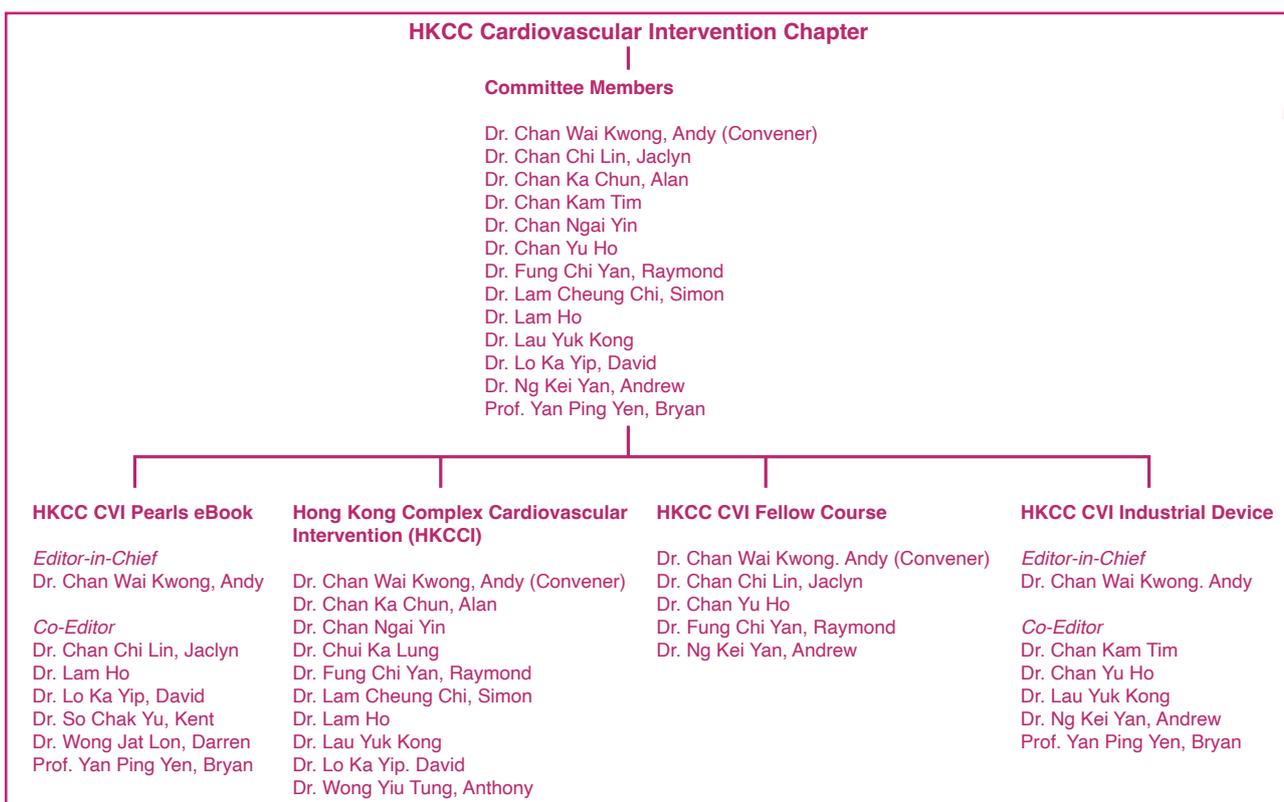

Honorary Adviser on Continuing Nursing Education (CNE Programme / activity planner):

Prof. Thomas K.S. WONG

Cardiovascular Intervention Chapter

Established in August 2020, the Cardiovascular Intervention (CVI) Chapter under the Hong Kong College of Cardiology (HKCC) is dedicated to promote professional education in cardiovascular intervention for cardiologists, fellows-in-training and cardiovascular allied health professionals. We stride to enhance the standard of cardiovascular intervention in Hong Kong.

Structure of HKCC CVI Chapter:

We focus on four areas and set up four subgroups as follows:

HKCC CVI Pearls Electronic book (eBook):

The College keeps uploading PowerPoints on the HKCC CVI Pearls eBooks. We hope to create a platform for our experienced cardiologists to share with our colleagues especially our young fellows in the field of percutaneous cardiovascular intervention. Therefore, those illustrations of tips and tricks are through case examples, diagrams and cine images.

Please visit the link below and welcome to invite your colleagues and friends to submit manuscripts.

HKCC CVI Pearls eBooks:

<https://www.hkcchk.com/Cardiovascular%20Intervention%20Chapter%20eBook.asp>

Hong Kong Complex Cardiovascular Intervention (HKCCI):

Course Directors: Dr. CHAN Ka Chun, Alan
Dr. CHAN Wai Kwong, Andy
Dr. LAM Ho

Course Co-Directors: Dr. CHAN Ngai Yin
Dr. CHUI Ka Lung
Dr. FUNG Chi Yan, Raymond
Dr. LAM Cheung Chi, Simon
Dr. LAU Yuk Kong
Dr. LO Ka Yip, David
Dr. WONG Yiu Tung, Anthony

The 5th Hong Kong Complex Cardiovascular Intervention (HKCCI 2023) will be held on 10 September 2023 in Island Shangri-La, Hong Kong in physical manner. The theme is "Complex Anatomy meets Complex Patient". This is the 1st physical HKCCI of Cardiovascular Intervention Chapter. We invited various international faculties to attend in person. Please scan the QR code below and stay tuned for the programme!

HKCC CVI Fellow Course:

We organized CVI Fellow Course in virtual and physical format quarterly targeting mainly our cardiology fellows. The themes covering on Peripheral Vascular Intervention, Calcified Lesion and Workshop, Pearls of Intracoronary Imaging and Left Main and Bifurcation Intervention were adopted.

Activities of HKCC CVI Chapter (2022-2023):

Date	Activities
13 August 2022	CVI Fellow Course Eight: Peripheral Vascular Intervention
12 November 2022	CVI Fellow Course Nine: Calcified Lesion and Workshop
18 February 2023	CVI Fellow Course Ten: Pearls of Intracoronary imaging
13 May 2023	CVI Fellow Course Eleven: Left Main and Bifurcation Intervention

HKCC CVI Industrial Device Webpage:

Device technologies in the field of cardiovascular intervention advance very rapidly. We seek to collaborate with the device companies and invite them to contribute product videos or lectures especially about newer devices with emphasis on technical details, and tips and tricks for safe and effective use of the devices. We hope this webpage can serve as a platform for our colleagues to get a better understanding of these important devices.

Cardiovascular MRI & CT Chapter

Cardiovascular MRI & CT Chapter was formed in 2021 by combining the Cardiovascular MRI Chapter and Cardiac CT working group with the following Mission / Objectives:

- To promote professional application of cardiovascular MRI and CT
- To promote professional education, interests and awareness in cardiovascular MRI and CT
- To provide a platform for sharing of updating experiences and knowledge via case-based learning in cardiovascular MRI and CT

Advisers: Dr. CHAN Kam Tim, Dr. LAU Yuk Kong and Dr. WONG Chi Ming

Conveners: Dr. CHAN Hiu Lam, Ronnie and Dr. CHAN Wing Sze, Carmen

Members: Dr. CHAN Kin Yin, Anna, Dr. CHEUNG Chi Wai, Stephen (Radiology Trainer), Dr. LEE Wei Sze, Eleanor, Dr. LI Ying Wah, Andrew and Dr. WONG Ka Tak, Jeffrey (Radiology Trainer)

Echocardiography Chapter

Echocardiography Chapter (Echo Chapter) of the Hong Kong College of Cardiology was established as an initiative of the College to promote the education, training, and interest in echocardiography among members and other clinicians, and to provide a forum for sharing up-to-date knowledge and experience in echocardiography. The Echo Chapter has joined as a member society of the Asian-Pacific Association of Echocardiography (established in 2013) since 2017. Chapter member of Echocardiography Chapter 2023-2025 as below:

Conveners:

Dr. KAM Ka Ho, Kevin, Dr. WONG Chi Yuen, Eric

Committee Members:

Dr. CHUI Ka Lung, Dr. HO Mei Han, Dr. LAM Yui Ming, Dr. LAU Yuk Kong, Prof. LEE Pui Wai, Alex, Dr. WONG Chun Kit, Dr. WONG Kin Ho

Pacing and Clinical Electrophysiology Chapter

The Pacing and Clinical Electrophysiology Chapter of the College was re-structured in 2016 with membership as follows:

Adviser	Prof. LAU Chu Pak
Convener	Dr. CHAN Ngai Yin
Member	Dr. CHAN Kit, Jacky Dr. CHENG Yuet Wong Dr. Lily CHEUNG Dr. Jo Jo HAI
	Dr. LI Shu Kin Prof. SIU Chung Wah, David Dr. YUEN Ho Chuen

The aim of the Chapter is to promote professional education in pacing and clinical electrophysiology. Furthermore, the Chapter also aims to enhance public awareness in different heart rhythm disorders. The local procedural data on cardiac implantable electronic device implantation and catheter ablation is collected each year and is submitted to the Asia-Pacific Heart Rhythm Society for publication in the White Book.

Public health education activity "Whatsapp sticker competition" was launched in Q1 2023, the result will be announced later. ECG social platform in Facebook would be launched soon in Q3 2023. The objective of this platform is to enhance ECG knowledge and interaction with different colleagues in different hospitals in Hong Kong and other parts of the world.

2nd Pacing and Clinical Electrophysiology Chapter Case-Based Course (PACE-CBC), 5 November 2022

The 2nd Pacing and Clinical Electrophysiology Chapter Case-Based Course was held on 5 November 2022 via a virtual platform. Endorsed by Asia Pacific Heart Rhythm Society, over 400 faculty members and participants from 22 countries/regions attended the meeting.

The following have kindly served as supporting organizations:

- Hong Kong Cardiac Nursing Association Ltd.
- Hong Kong College of Cardiac Nursing Ltd.
- Hong Kong Inter-hospital Network of Pacing and Cardiac Electrophysiology

Programme rundown:

Time	Topic	Speaker
1400-1405	Opening Remarks	Dr. CHAN Ngai Yin
Moderators: Dr. CHAN Ngai Yin, Dr. CHENG Yuet Wong and Dr. KO Yiu Kwan, Cyril		
1405-1430	What Comes After a Successful Conduction System Pacing	Dr. YUEN Ho Chuen
1430-1455	Utilization of Cryoablation in Pediatric Ablation	Dr. TSAO Siu Ling, Sabrina
1455-1520	Cardiac Resynchronization Therapy for a Patient with Non Left Bundle Branch Block	Dr. TAM Tsz Kin, Mark
1520-1535	Break	
Moderators: Dr. CHAN Chin Pang, Gary, Dr. CHAN Kit, Jacky and Dr. CHOI Man Chun		
1535-1600	LBBP Case Sharing	Dr. Lan SU
1600-1625	Wide Complex Tachycardia - a Systemic Approach	Dr. CHU Man Wah, Amy
1625-1650	Case-based Sharing of Implanting a Screw-in Type Leadless Pacemaker	Dr. James IP
1650-1700	Closing Remarks	Dr. YUEN Ho Chuen

Paediatric Cardiology Chapter

The Paediatric Cardiology Chapter of Hong Kong College of Cardiology was established in 2008. The goal and objectives are to promote the advancement of knowledge and science of paediatric cardiology and to look into issues related to education, training and accreditation. It also helps to promote solidarity and fraternity among paediatric cardiologists in Hong Kong.

Annual General Meeting 2023

The Annual General Meeting 2023 of the Paediatric Cardiology Chapter of the Hong Kong College of Cardiology was held virtually by Zoom on 30 March 2023 at 6:45 p.m. Annual Report of the Paediatric Cardiology Chapter 2020 and the Accounts for the year ended 31 December 2022 of the Chapter were considered and adopted.

Scientific Meetings of Paediatric Cardiology Chapter (2022-2023)

1. 28 September 2022–Virtual

The scientific meeting of Paediatric Cardiology Chapter was held at 7:00 – 8:00pm on 28 September 2022 in virtual format. Dr. YUNG Tak Cheung moderated the session. Dr. MOK Chi Fung, Geoffrey, Honorary Secretary of Paediatric Cardiology Chapter of Hong Kong College of Cardiology and Consultant Paediatrician of Department of Paediatrics in Prince of Wales Hospital,

delivered talks on "Thoracic Aortopathy: The Current Perspective" and "Management Issues with Thoracic Aortopathy" while Dr. FONG Nai Chung, Committee Member of Paediatric Cardiology Chapter of Hong Kong College of Cardiology and Consultant Paediatrician of Department of Paediatrics and Adolescent Medicine in Princess Margaret Hospital presented "Two Uncommon Cases of Aortopathy". 42 participants attended the virtual meeting.

2. 7 January 2023 – Hybrid

Paediatric Cardiology Symposium 2023 was co-organized with the Hong Kong Society of Neuromuscular Diseases (HKSND) at 12:30 – 5:00pm on 7 January 2023. The theme of the symposium was "Cardiovascular Aspects of Neuromuscular Diseases". In addition to the top local speakers from HKCC and HKSND, Dr. Chet VILLA, Pediatric Cardiologist (Heart Failure & Transplantation) of Cincinnati Children's Hospital and Associate Professor of UC Department of Pediatric was invited to be the guest speaker. The symposium was well received and attended by 146 doctors and nurses from different specialties.

3. 30 March 2023 – Virtual

The scientific meeting of Paediatric Cardiology Chapter was held at 7:00 – 8:00pm on 30 March 2023 in virtual format moderated by Dr. Yam Man Ching. Dr. CHOW Pak Cheong, Consultant Paediatric Cardiologist of Hong Kong Children's Hospital, presented on "Long-term Complications and Management of Patients After Fontan Operation". 19 participants attended the meeting.

Preventive Cardiology and Cardiac Rehabilitation Chapter

The Preventive Cardiology and Cardiac Rehabilitation Chapter under the Hong Kong College of Cardiology was established in January 2014. The aim is to promote professional education in preventive cardiology and cardiac rehabilitation and to improve the knowledge, attitude and behavior related to heart health in the general public. A major task of this chapter is to organize a biennial regional conference named "Asian Preventive Cardiology and Cardiac Rehabilitation Conference". The 9th Asian Preventive Cardiology and Cardiac Rehabilitation Conference was successfully held on 26-27 November 2022 at the Hong Kong Convention and Exhibition Centre. The membership of the Chapter is as follows:

Advisers: Dr. LAU Suet Ting and Prof. LAU Chu Pak

Co-chairpersons: Dr. CHAN Ngai Yin and Dr CHAN Wing Sze, Carmen

Members:

Dr. CHEONG Yan Yue, Adrian

Dr. CHOI Man Chun

Dr. CHOW Siu Lun, Eddie

Dr. FAN Yue Yan, Katherine

Dr. FUNG Chi Yan, Raymond

Dr. KWAN Wing Shan, Iris

Dr. KWONG Shu Keung, Alex

Dr. LEUNG Wai Suen, Albert

Dr. LEUNG Kai Chi

Prof. LI Sheung Wai, Leonard

Mr. CHENG Tak Lai, Dick (Nurse)

Ms. NG Yuk Man (Physiotherapist)

Ms. Charmain TAN (Dietitian)

Mr. Wilson CHAN (Occupational therapist)

Sports and Exercise Cardiology Chapter

Sports and Exercise Cardiology Chapter was established in 2021 that aims to provide an educational platform for health care providers to gain up-to-date knowledge and to enhance their competency to incorporate evidence-based updates in the care of athletes and highly active people with known or suspected cardiovascular diseases. The 1st symposium of the chapter was successfully held on 30 October 2022 in New World Millennium Hong Kong Hotel (hybrid format). The membership of the chapter is as follows:

Conveners	Dr. LEUNG Tat Chi, Godwin	Dr. MAK Yiu Kwong, Gary
Core Members	Dr. CHAN Hiu Lam, Ronnie Dr. CHAN Kit, Jacky Dr. CHAN Leung Kwai, Jason Dr. CHAN Ngai Yin Dr. CHAN Wing Sze, Carmen Dr. CHAN Yu Ho Dr. FUNG Chi Yan, Raymond Prof. Erik FUNG	Dr. LEUNG Sai Chau Dr. MAK Wai Lun Dr. TAM Chor Cheung, Frankie Dr. Thomas TUNGGAL Dr. WONG Kin Tak Dr. WONG Tai Hung, John Prof. YU Cheuk Man Dr. YUNG Tak Cheung

Report on College Affairs

Membership

1. As at 3 July 2023, the statistics on the number of members in different categories of membership is as follows:

Distinguished Fellows	10
Honorary Fellows	21
International Fellows	4
Visiting Fellows	9
Retired Fellows	7
Fellows	259
Members	124
Affiliates	68
Total	502

2. The Members of the Council for the year 2022-2023 are as follows:

President:	Dr. CHAN Wai Kwong, Andy
President-Elect:	Dr. LEUNG Tat Chi, Godwin
Hon. Secretary:	Dr. TSUI Kin Lam
Hon. Treasurer:	Dr. CHAN Kwok Keung
Council Members:	Dr. CHAN Ka Chun, Alan
	Dr. CHAN Wing Sze, Carmen
	Dr. CHAN Yu Ho
	Dr. FUNG Chi Yan, Raymond
	Dr. LAU Suet Ting
	Dr. LEE Kwok Lun (Retired on 23 May 2023)
	Dr. LO Ka Yip, David
	Dr. Thomas TUNGGAL
	Dr. WONG Chi Yuen, Eric
	Prof. YAN Ping Yen, Bryan
	Prof. YU Cheuk Man
Immediate Past President:	Dr. CHAN Ngai Yin
Past Presidents:	Dr. CHAN Kam Tim
	Dr. LAU Yuk Kong
	Dr. LI Shu Kin
Hon. Adviser:	Dr. CHENG Chun Ho
	Dr. CHIANG Chung Seung
	Dr. KO Tak Him, Patrick
	Prof. LAU Chu Pak
	Dr. TSE Tak Fu
	Dr. WONG Kwok Yiu, Chris

3. During the past year, the Council has met 7 times.

4. Standing Committees and Chapters:

Scientific Committee

Chairman: Dr. CHAN Wai Kwong, Andy

Co-Chairman: Dr. LAU Yuk Kong

Dr. TSUI Kin Lam

Public Health Education Committee

Chairman: Dr. LEUNG Tat Chi, Godwin

Co-Chairmen: Dr. CHAN Kwok Keung

Dr. CHAN Ngai Yin

Examination, Education and Accreditation Committee

Chairman: Dr. TSE Tak Fu

Journal of the Hong Kong College of Cardiology

Editor-in-Chief: Dr. CHAN Ngai-Yin

Co-Editors: Prof. LAU Chu Pak

Prof. YAN Ping Yen Bryan

Allied Cardiovascular Health Professionals Committee

Chairman: Dr. CHAN Wai Kwong, Andy

Co-Chairman: Dr. LO Ka Yip, David

Adult Congenital Heart Diseases Chapter

Advisers: Dr. TSUI Kin Lam

Dr. YUNG Tak Cheung

Conveners: Dr. WONG Chi Yuen, Eric

Dr. TSAO Siu Ling, Sabrina

Cardiac Intervention Chapter

Convener: Dr. CHAN Wai Kwong, Andy

Cardiovascular MRI & CT Chapter

Advisers: Dr. CHAN Kam Tim

Dr. LAU Yuk Kong

Dr. WONG Chi Ming

Conveners: Dr. CHAN Hiu Lam, Ronnie

Dr. CHAN Wing Sze, Carmen

Echocardiography Chapter

Conveners: Dr. KAM Ka Ho, Kevin
Dr. WONG Chi Yuen, Eric

Hong Kong Core Cardiology Certificate Course Committee

Chairman: Dr. LAU Yuk Kong
Co-Chairman: Dr. TSUI Kin Lam
Dr. Thomas TUNGGAL
Dr. WONG Chi Yuen, Eric

Pacing and Clinical Electrophysiology Chapter

Adviser: Prof. LAU Chu Pak
Convener: Dr. CHAN Ngai Yin

Paediatric Cardiology Chapter

Chairman: Dr. LUN Kin Shing

Preventive Cardiology and Cardiac Rehabilitation Chapter

Advisers: Dr. LAU Suet Ting
Prof. LAU Chu Pak
Conveners: Dr. CHAN Ngai Yin
Dr. CHAN Wing Sze, Carmen

Sports and Exercise Cardiology Chapter

Conveners: Dr. LEUNG Tat Chi, Godwin
Dr. MAK Yiu Kwong, Gary

Tenth Congregation cum Opening Ceremony of 31st Annual Scientific Congress, 17 June 2023

The Tenth Congregation cum Opening Ceremony of 31st Annual Scientific Congress was held on 17 June 2023 at the Meeting Room S421, Level 4, Old Wing, Hong Kong Convention & Exhibition Centre. Dr. LAM Man Kin, Ronald, Director, Department of Health was invited to be the Guest-of-Honour. Distinguished fellowships were conferred on Dr. CHAN Kam Tim and Dr. LI Shu Kin. Honorary fellowships were conferred on Prof. PARK Seung Jung, Prof. WONG Kwok Shing, Thomas and Prof. WONG Lung Tak, Patrick in recognition of their outstanding achievements and invaluable contribution to the College.

Fellowship of the College was conferred on the following 11 doctors during the Congregation:

1. Dr. CHAN Kwong Yue, Eric, Department of Medicine, Queen Mary Hospital
2. Dr. CHEUNG Shing Him, Gary, Cardiologist in Private Practice
3. Dr. HUI Chuk Man, Peter, Paediatric Cardiologist in Private Practice
4. Dr. LAM Cheung Chi, Simon, Department of Medicine, Queen Mary Hospital
5. Dr. LAU Alexon Tsz Ki, Department of Medicine & Geriatrics, United Christian Hospital
6. Dr. MUI Chun Yue, Cardiologist in Private Practice
7. Dr. NG Kei Yan, Andrew, Cardiologist in Private Practice
8. Dr. SHEA Puigi Catherine, Department of Medicine, Queen Mary Hospital
9. Dr. TANG King Fun, Cardiologist in Private Practice
10. Dr. YUEN Sze Man, Fiona, Department of Medicine, North District Hospital
11. Dr. YUNG See Yue, Arthur, Department of Medicine, Queen Mary Hospital

Sponsorship for Attendance of Overseas Scientific Conferences
