Report Summary

Since its foundation in 1992, the Hong Kong College of Cardiology has been continuing its mission to promote the advancement of cardiovascular medicine and practice for public benefit through scientific, professional, educational activities and international communication and cooperation. Its ultimate goal is working towards the improvement of heart health for people of Hong Kong. It also acts as a body for consultation in related matters of educational or public interests.

Given the long-term strategic position of Hong Kong as a gateway to China, closer collaboration amongst local cardiologists and cardiologists in China will work towards mutual benefit. The College would like to strive for a closer relationship with our mainland counterparts. A Joint Symposium Session, co-organised by the Guangdong Provincial People's Hospital and the Hong Kong College of Cardiology, and a Visual Presentation Session organised by the College were held in the 8th South China International Congress of Cardiology on 30 March - 2 April 2006 in Guangzhou, China. The 14th Annual Scientific Congress of the College held on 5-7 May this year was a great success. An increasing participation was drawn from the professional community in Hong Kong, Mainland China and other countries. The Cardiovascular Interventional Summit / Hong Kong was successfully held on 23-25 June 2006. It was regarded as one of the main local and international cardiac interventional procedures meetings of 2006. A number of local scientific programmes were also organised by the College throughout the year.

Apart from the scientific programmes, the College was also actively involved in community projects to promote cardiovascular health. The Jump Rope for Heart Program continues its recruitment of school children for promotion of heart health through rope skipping. A number of projects for promotion and study of heart health in the community were also launched. The World Heart Day, celebrated on 24 September and 8 October this year, was the yearly climax of our heart health promotion to the general public.

Regarding the training of local cardiology trainees, the College continues its involvement in the Hong Kong Heart Foundation Cardiology Training Fellowship Programme, which supports local cardiology trainees to undergo advanced cardiology training in world renowned centers overseas.

The diversified and calendar-full activities organised by the College would not be successfully held without the dedication and active participation of its members, support of friends and the contribution of leading practitioners and academics both locally and abroad. The Council would like to take this opportunity to express its gratitude to them and will pledge to continue its mission in the years to come.

Report on Scientific Activities

8th South China International Congress of Cardiology

31 March - 2 April 2006

Dongfang Hotel, Guangzhou, China

The 8th South China International Congress of Cardiology was held from 30th March to 2nd April 2006 at Dongfang Hotel, Guangzhou, China. The aim of the Congress is to foster national and international academic exchange in the field of cardiology. Renowned cardiologists from Europe, USA, Asia Pacific region, Mainland China, Hong Kong, Macau and China Taiwan presented their research findings and reviews on advances in Cardiovascular Medicine.

This year's Congress was built upon the foundation of last year's Congress with more co-organisers from professional bodies. The Hong Kong College of Cardiology had co-organised with the Guangdong Provincial People's Hospital a Joint Symposium called "International Symposium on Cardiac Arrhythmia and Heart Failure" on 1 April 2006. Speaker representatives of HKCC were Prof. Lau Chu-pak, Dr. Mok Ngai-shing, Prof. John Sanderson and Prof. Tse Hung-fat.

Furthermore, a specialist visual presentation session of the Hong Kong College of Cardiology titled "Visual Presentation of Complex Cardiac Procedures and Imaging" was held on 2 April 2006. HKCC Fellow guest speakers were Dr. Chan Chi-wo, Dr. Chan Wing-sze, Carmen, Dr. Jim Man-hong, Dr. Kwok Miu Fong, Jennifer, Dr. Kwok On-hing, Dr. Lai Wai-keung, Steve, Dr. Lam Tse-fun, Cathy, Dr. Lam Yui-ming, Dr. Lee Kang-yin, Dr. So Yui-chi, Dr. Tse Tak-sun, Dr. Yung Tak Cheung.

Last but not least, we are very grateful that over 50 HKCC Fellows and spouses joined the delegation of the Hong Kong College of Cardiology this year and a joyful fellowship gathering was held at the Dongfang Hotel in the evening of 1 April 2006.

14th Annual Scientific Congress

5-7 May 2006

Sheraton Hong Kong Hotel & Towers, Hong Kong

The Fourteenth Annual Scientific Congress of the Hong Kong College of Cardiology was held from 5th to 7th May 2006 at the Sheraton Hong Kong Hotel & Towers, Tsimshatsui, Kowloon. This was a major academic conference filled with fervent educational enthusiasm and interactive exchange of Cardiology knowledge. We were honoured to have Mr. Anthony Ting-yuk Wu, JP, Chairman, Hospital Authority HKSAR as our Guest-of-Honour of the opening ceremony.

The 3-day scientific programme provided an ideal forum for the cardiology profession to exchange their knowledge and experience in the latest developments in cardiovascular medicine. Renowned cardiologists, Praveen Chandra (India), Jilin Chen (PR China), Carlo Gaudio (Italy), Junbo Ge (PR China), John Hoe (Singapore), Guoying Huang (PR China), John H. Ip (USA), Bing Jia (PR China), Theodore W. Kurtz (USA), Warren K. Laskey (USA), Jeffrey Lefkovits (Australia), Ronald A. Li (USA), Jan Marek (UK), Ian Meredith (Australia), Raad H. Mohiaddin (UK), Andrew T.L. Ong (Australia), David L. Ross (Australia), Anson Jay Conrad Smith (USA), Wilson Wai-hong Tang (USA), Bruce D. Walker (Australia), Zhiwei Zhang (PR China) were invited to present their valuable experience to the audience.

The theme of the Allied Cardiovascular Health Professionals Symposium this year was “Keynotes in Cardiovascular Surgery”. Dr. Clement Shui-wah Chiu and Dr. Ahmed A. Arifi had shared their views on Mitral Valve Surgery and Coronary Artery Surgery respectively with the audience. Dr. Henry Hing-chuen Cheung exchanged his experience on Aortic Valve Surgery while Dr. Hung-leong Cheung presented his point of view on Surgery in Aortic Dissection.

The Paediatric Cardiology Symposium was held on 6 May 2006. Guest speakers were: Dr. Jan Marek, Prof. Guo-ying Huang, Prof. Zhi-wei Zhang, Prof. Rita Yn-tz Sung, Dr. Adolphus Kai-tung Chau, Dr. Bing Jia and Dr. Yiu-fai Cheung.

95 abstracts were received and accepted for Oral Presentation. The College had presented three Best Paper Awards this year:

1. The Addition of Spironolactone to an Angiotensin Receptor Blocker Induces Reverse Left Ventricular Remodelling in Chronic Heart Failure
Dr. Anna Kin-yin Chan
2. Effects of Oral Sildenafil on Functional Capacity and Haemodynamics in Patients with Severe Pulmonary Arterial Hypertension
Dr. Elaine Chau
3. The Clinical Efficacy of Losartan versus Perindopril to Maintain Sinus Rhythm in Patients with Idiopathic Paroxysmal Atrial Fibrillation - A Prospective Randomized Controlled Study
Dr. Yue-hui Yin

In the PCI Case Discussion session on 7 May 2006, the three Best PCI Case Award winners were Dr. Chiu-lai Fu, Dr. On-hing Kwok and Dr. Sum-kin Leung.

Finally, during the Congress the First HK / Korea EP Conference jointly organised by the Hong Kong College of Cardiology and Korean EP Society was successfully held on 6 May 2006.

Cardiovascular Interventional Summit, Hong Kong

23-25 June 2006

Hong Kong Convention and Exhibition Centre, Hong Kong

The Cardiovascular Interventional Summit Hong Kong 2006 (CIS) was held at the Hong Kong Convention and Exhibition Centre from 23rd to 25th June 2006 co-organised by the Hong Kong College of Cardiology, Guangdong Provincial Cardiovascular Association and the Southern China Interventional Cardiology Education Net.

It was the first time the Hong Kong College of Cardiology co-organised such large event with two associations in China and the Summit was also the first-of-its-kind in the region. The aim of the Summit was to encourage active interactive exchange between Hong Kong SAR and China doctors, motivate development of interventional cardiology in Southern China and train young people to be the backbone of interventional cardiology technology. The Summit provided a platform for discussing current issues, comparing best practice and advancing the professional knowledge of hundreds of participants so as to enhance their competitive edge in their professional development. Close to 800 registrations had been recorded.

Furthermore, medical industries exhibited the latest development in the interventional cardiology for further exploration and examination by medical practitioners and scholars.

We were honoured to have Prof. Grace Tang, JP, President of the Hong Kong Academy of Medicine as our Guest-of-Honour of the opening ceremony on 24th June 2006.

The lectures and symposia were supplemented by live demonstrations from Queen Elizabeth Hospital, Queen Mary Hospital and Guangdong Provincial People's Hospital on 24th and 25th June 2006.

Finally, the Summit would not have been so successfully held without the contribution and active participation of our fellow colleagues and experts, in China and overseas. The organising committee would like to take this opportunity to thank them. We look forward to holding the next CIS in the near future.

1st Asian Preventive Cardiology and Cardiac Rehabilitation Conference cum 6th Certificate Course in Cardiac Rehabilitation

2-5 December 2006

Hong Kong Convention and Exhibition Centre, Hong Kong

1st Asian Preventive Cardiology and Cardiac Rehabilitation Conference cum 6th Certificate Course in Cardiac Rehabilitation will be held on 2-5 December 2006 at the Hong Kong Convention and Exhibition Centre. This event is organised by the College and supported by academic and service organisations in Hong Kong.

Preventive Cardiology and Cardiac Rehabilitation is gaining importance in the world and more attention in Asian countries. Cardiovascular Risk Management is the main focus of action. The theme of the conference this year is "How far should we go for risk management?". Research led to new evidence in risk assessment and intervention being extrapolated in recent years. With the development of preventive cardiology and cardiac rehabilitation in Hong Kong in the past decade, this Conference will be an excellent opportunity for updating our knowledge, sharing our views and practical issues.

In addition, the Certificate Course will provide in-depth training for cardiac rehabilitation. A whole day programme with educational lecture and practical workshop for the patients will also be held.

The programme will be useful to cardiologists, physicians, rehabilitation specialists, family doctors, nurses, physiotherapists, occupational therapists, clinical psychologists, social workers, public health practitioners, dietitians and other healthcare personnel who are required to take care of cardiac patients.

CardioRhythm 2007

2-4 February 2007

Hong Kong Convention and Exhibition Centre, Hong Kong

The CardioRhythm is co-organised by the Hong Kong College of Cardiology and the Chinese Society of Pacing and Electrophysiology. The Conference will be held at the Hong Kong Convention and Exhibition Centre in Hong Kong from 2nd to 4th February 2007.

The Presidents are Prof. Chu-Pak Lau from the Hong Kong College of Cardiology and Prof. Fang-Zheng Wang from the Chinese Society of Pacing and Electrophysiology.

The Executive Committee members are Dr. Chung-Seung Chiang, Prof. Chu-Pak Lau, Dr. Kathy L. F. Lee, Prof. Hung-Fat Tse, and Dr. Chris K. Y. Wong.

CardioRhythm 2007 will provide an excellent opportunity for participants to keep abreast of the latest developments in the field of heart rhythm management. The distinguished faculty of international and regional experts will present their latest research, both basic and clinical, and the most up-to-date information on issues in the management of rhythm disorders. The Scientific Committee has organised a most comprehensive and exciting programme in Electrophysiology, Cardiac Pacing, Devices, Catheter Ablation, Atrial Fibrillation, Heart Failure and Sudden Death, which will be of interest to specialists and professionals alike.

Unique to the programme is a series of mini-courses comprising video demonstration of various contemporary procedures, and practical tutorials presenting the latest update on rhythm management. Other highlights of the programme include oral abstracts and posters from all over the world. In addition, state-of-the-art products and technology will be shown in the exhibition.

Local Scientific Programmes 2005-2006

The College Scientific Committee continues to organise and co-ordinate year-round scientific programmes in relation to cardiovascular medicine. These scientific functions have received accreditation from Academy Colleges for continuing medical education.

The major scientific symposia organised during 1 September 2005 - 31 August 2006 are listed as follows:

1. Siemens Computed Tomography Symposium 2006

23 February 2006 Renaissance Harbour View Hotel

Speaker : Dr. Thorsten Johnson &
 Prof. Andreas Mahnken (Germany)

2. Evening Symposium on Cardiometabolic Risk Factor (CMRF)

30 March 2006 Conrad Hotel

Speaker : Dr. Victor Yan and Prof. Juliana Chan

Report on Community Activities

World Heart Day 2006 (世界心臟日)

This year, the World Heart Day falls on Sunday, 24 September 2006 with the theme "How young is your heart?". The College and the Tung Wah Group of Hospitals continue to co-organise the World Heart Day activities in Hong Kong.

The Press Conference on the 24 September 2006 at the Olympian City 2 will be the kick-off ceremony announcing a series of activities that the organising committee will hold for the following month. A free heart health test will be provided at the Olympian City 2 for 4 days on 23, 24, 30 September and 1 October 2006. Three Public Health Talks will be launched on the 2, 15 and 22 of October 2006 at the Central Library. Over 4,000 citizens are expected to join the Global Embrace and the Heart Health Carnival which will include game booths, stage shows with singers/artistes and jump-rope performances on 8 October 2006 at the Happy Valley Jockey Club. 1000 primary/secondary school students will compete in the Drawing Competition to express their ideas on heart health through drawings at the carnival. 10 drawings will be selected to compete with winners' drawings from Beijing, Hong Kong, Shanghai, Toronto and Vancouver in the Final Competition organised by the International Chinese Heart Health Network.

We are excited that Carnation will be our title sponsor this year and in order to let the public have a better understanding on the importance of having a healthy heart, a survey on the living habit of Hong Kong people which will be widely publicised in most of the newspapers in Hong Kong will be conducted by the College and Carnation.

Jump Rope for Heart Program (JRFH) (跳繩強心) 2005-2006

The JRFH 2005-2006 was successfully held for the seventh year. Around 76,000 students from 136 primary schools and 38 secondary schools (total of 174 schools) participated in the program. Around 500,000 students from 455 schools have joined the program over the past seven years. The gross income generated amounts to approximately HK\$2.7 million, with a surplus of approximately HK\$0.26 million. (Accumulated surplus around HK\$8.6 million since its inception in year 1999)

We have continuously received very positive feedback from JRFH participating schools. Most students enjoy skipping and keep skipping regularly. The annual Inter-school Rope Skipping Competition is the climax of the year, and it provides an occasion for students to show their talents and to exchange skills with others. This year, 58 primary and 17 secondary school teams participated in the competition on 8 & 15 July 2006 at Lai Chi Kok Park Sports Centre. Ta Ku Ling Ling Ying Public School (Primary Div. A), Kwong Ming School PM (Primary Div. B), Chiu Yan Por Yen Primary School (Primary Novice) and Heung To Middle School (Secondary) were our overall champions this year.

38 heart health talks were conducted at JRFH participating schools in this academic year. Very positive feedback was received.

Two elementary instructor certificate courses were held to introduce the program to 145 teachers and to train them the skills of teaching rope skipping.

Schools that have participated in JRFH for 2 years or more (N=193) were invited to apply for the Jump Rope for Heart School Subsidy Program 2005 to conduct heart health educational or promotional programs. The JRFH Finance Committee perused all applications and approved granting HK\$294,150 to 42 schools.

The JRFH Carnival was organised for the first year, which aims to provide an enjoyable occasion for students and teachers of the JRFH participating schools. It was successfully held on Saturday 8 April 2006 at Southorn Stadium. Mr. Timothy Fok, Mrs. Fanny Law and Dr. Leung Ting Hung were the officiating guests. Contents included speech, rope skipping performance by local schools and overseas teams (Japan and Taiwan), singing performance and prize presentation ceremony of JRFH Outstanding Award and WHD Drawing Competition. Around 1200 participants were present and all enjoyed the event very much. The Japan and Taiwan Team members kindly joined an interflow workshop with 130 local students on 9 April 2006 at Heung To Middle School. Very positive feedback was received.

Institute for Heart Health Promotion (IHHP) (心臟健康促進會)

The Institute is a non-profit making organisation engaged in the study of heart health of people in Hong Kong and to arouse the awareness and preparedness of the general public for the preservation of heart health through healthy styles of living.

Members of the Executive Board for the year 2005-2006 are Dr. Patrick P K Wu (Chairman), Dr. Tak-fu Tse, (Vice-Chairman), Dr. Patrick T H Ko, Prof. Chu-pak Lau, Mr. Thomas Liang and Mr. Roger K H Luk. Mr. K W Ma is the Hon. Secretary.

International Chinese Heart Health Network (ICHHN) (全球華人心臟保健網絡)

The ICHHN serves as a network to assist in the promotion of heart health among Chinese globally. The President of the ICHHN for the year 2005-2006 is Dr. Ge, Junbo.

In view of the success of 2005 World Heart Day Drawing Competition, the Hong Kong College of Cardiology has once again hosted the Inter-regional Drawing Competition for ICHHN. The Competition was divided into 2 groups: Junior Group (age under 12) and Senior Group (age 12-17), both groups with the theme "Healthy Weight, Healthy Shape" (健形康體 強身保心). This year, five regions namely Beijing, Hong Kong, Shanghai, Toronto and Vancouver had successfully organised drawing competitions for local students. The drawings of the winners from each region were sent to Hong Kong for the final competition and exhibition during the 14th HKCC Annual Scientific Congress at Sheraton Hotel from 5th to 7th May 2006. Hong Kong students Cheung Cheuk Kan (張卓勤) and Ho Sze Wai (何思蔚) won the Championship and 1st runner-up in the Senior Group respectively. Moreover, Leung Chuen Yee (梁釗儀) was awarded 2nd runner-up in the Junior Group.

HKCC, being the founding organisation, will actively participate in the future development of ICHHN.

Report on Committees and Working Groups

Hong Kong Heart Foundation Cardiology Training Fellowship Programme

The Hong Kong Heart Foundation Fellowship 2006-2007 was awarded to :

1. Dr. Lee Pui Wai of Prince of Wales Hospital for a training programme in the field of Echocardiography at Mayo Clinic in the United States of America for a period of 12-month commencing in July 2006 to June 2007.
2. Dr. Chow Pak Cheong of Grantham Hospital for a training programme in the field of adult congenital heart diseases at Royal Brompton Hospital in United Kingdom for a period of 12- month commencing from January 2007 to December 2007.

Journal of the Hong Kong College of Cardiology

The Journal has been published in October 2005, February 2006 and April 2006. A total of 46 editorial pages were published from October 2005 to April 2006. These included 5 articles of which 4 were from Hong Kong and 1 was from overseas. A total of 167 pages of abstracts were published from other meetings. A total of 5 manuscripts had been published, 4 were from Hong Kong and 1 was from overseas.

General Affairs and Public Relations Committee

The Committee acted on behalf of the College or as directed by the Council to respond to enquiry on cardiology related issues from media. It also mediated the participation of our Fellows in public education activities.

Allied Cardiovascular Health Professional Committee

The Allied Cardiovascular Health Professionals Symposium of the 14th Annual Scientific Congress had been organised for the allied cardiovascular health professionals. The theme this year was "Keynotes in Cardiovascular Surgery". Dr. Clement Shui-wah Chiu and Dr. Ahmed A. Arifi had shared their views on Mitral Valve Surgery and Coronary Artery Surgery respectively with the audience. Dr. Henry Hing-chuen Cheung exchanged his experience on Aortic Valve Surgery while Dr. Hung-leong Cheung presented his point of view on Surgery in Aortic Dissection.

Furthermore, a series of lectures (totally 6 sessions) on Practical Cardiology for nurses was organised together with the Association of Hong Kong Nursing Staff (AHKNS) from 19th July 2006 to 23rd August 2006. The lectures were delivered by cardiologists both in private practice and in public services. The lecture series had generated revenues both for the College and the AHKNS.

Examination Committee

The Examination Committee has been focusing on collaborating with the Specialty Board in Cardiology of The Hong Kong College of Physicians (HKCP), in coordinating and appraising the training of cardiology specialists in Hong Kong. The College perspective has been well presented and incorporated in the newly revised training guidelines for High Physician Training in Cardiology (now revised from 3 years to 2 years) of the HKCP, and the new guidelines for advanced training (for 12 months) in Electrophysiological Intervention and Coronary Intervention implemented from 1st July 2002.

The Committee has considered also an evaluation system to accredit paediatricians actively working in the field of paediatric cardiology for fellowship award of The College of Cardiology. This was brought up and lengthily discussed in the College Council meetings, with a provisional decision to defer the matter for further concrete action in more appropriate time in future.

The committee has embarked to look into the feasibility and design of an examination and CME evaluation system for a Hong Kong Medical Council - quotable qualification in Cardiovascular Medicine. Any concrete decision and action will await the outcome of appeal for quotable qualification of 'FACC' to the Hong Kong Medical Council.

Report on College Affairs

Membership

1. As at 31 August 2006, 5 Fellows, 6 Members and 4 Affiliates were elected, which made up the total membership to 327. Below is the breakdown of the membership figures:

<i>Distinguished Fellows</i>	2
<i>Honorary Fellows</i>	10
<i>International Fellows</i>	3
<i>Fellows</i>	160
<i>Members</i>	48
<i>Affiliates</i>	104

2. The Members of the Council for the year 2005-2006 were:

<i>President</i>	:	<i>Prof. Lau Chu-pak</i>
<i>Vice President</i>	:	<i>Dr. Pun Chiu-on</i>
<i>Hon. Secretary</i>	:	<i>Dr. Chiang Chung-seung</i>
<i>Hon. Treasurer</i>	:	<i>Dr. Chris Wong Kwok-yiu</i>
<i>Immediate Past President</i>	:	<i>Dr. Patrick Ko Tak-him</i>
<i>Council Members</i>	:	<i>Dr. Chan Kam-tim</i>
		<i>Dr. Chan Wai-kwong</i>
		<i>Dr. Chau Kai-tung (co-opted)</i>
		<i>Dr. Cheng Chun-ho</i>
		<i>Dr. Chiu Shui-wah (co-opted)</i>
		<i>Dr. Charles Ho Kau-chung</i>
		<i>Dr. Lau Suet-ting</i>
		<i>Dr. Lau Yuk-kong</i>
		<i>Dr. Kathy Lee Lai-fun</i>
		<i>Dr. Stephen Lee Wai-luen</i>
		<i>Dr. Li Shu-kin</i>
		<i>Dr. Tse Tak-fu</i>
		<i>Prof. Woo Kam-sang</i>

3. During the past year, the Council has met 8 times.

4. Standing Committees and Chairmen:

Editorial Board, Journal of the Hong Kong College of Cardiology

Chief Editor : *Prof. Lau Chu-pak*

Hong Kong Heart Valve Registry

Chairman : *Dr. Charles Ho Kau-chung*

Pacemaker Registry

Chairman : *Prof. Lau Chu-pak*

Allied Cardiovascular Health Professionals

Co-Chairman : *Dr. Charles Ho Kau-chung*

Dr. Pun Chiu-on

Scientific Committee

Chairman : *Dr. Pun Chiu-on*

General Affairs and Public Relations

Chairman : *Dr. Li Shu-kin*

Education and Accreditation Committee

Chairman : *Dr. Tse Tak-fu*

Examination Committee

Chairman : *Prof. Woo Kam-sang*

Cardiac Pulmonary Resuscitation Committee

Chairman : *Dr. Cheng Chun-ho*

Hypertension Working Group

Chairman : *Dr. Cheng Chun-ho*

Pacing and Clinical Electrophysiology Working Group

Chairman : *Prof. Lau Chu-pak*

Heart Failure Working Group

Chairman : *Dr. Chris Wong Kwok-yiu*

Sponsorship for Attendance of Overseas Scientific Conferences

In the past year, our College sponsored 45 Fellows/Members to attend 28 overseas scientific conferences.

HONG KONG COLLEGE OF CARDIOLOGY

REPORT OF THE DIRECTORS

The directors have pleasure in submitting their annual report and the audited financial statements for the year ended 31st December, 2005.

PRINCIPAL ACTIVITY

The principal activity of the College is medical education.

RESULT

The result of the College for the year ended 31st December, 2005 and the state of the College's affairs at that date are set out in the financial statements on pages 21 to 27.

FIXED ASSETS

Movements in fixed assets during the year are set out in Note 4 to the financial statements on page 26.

DIRECTORS

The directors of the College during the year were :

Dr. Chan Kam Tim
Dr. Chan Wai Kwong
Dr. Chau Kai Tung
Dr. Cheng Chun Ho
Dr. Chiang Chung Seung
Dr. Chiu Shui Wah
Dr. Ho Kau Chung, Charles
Dr. Ko Tak Him, Patrick
Prof. Lau Chu Pak
